**Subject:** SB839

I don't understand how transferring operations of the Board of Firearm Permit Examiners to the Department of Public Safety is going to benefit anybody that is trying to obtain a pistol permit? If for some reason it's denied, the applicant will then have to appeal in front of the very same people that denied it? Why do you have make the process so difficult? Do you have a pistol permit? Do you own a firearm? Have you ever had a chance to shoot one? All these laws and changes the state proposes and/or changes are never beneficial to the law abiding citizen. It only makes the process that much more difficult, time consuming and aggravating which is probably your motive in hope that the person will throw there hands up and say forget it, it's not worth it. I hope someday you have the opportunity to shoot. You'll probably really enjoy yourself. I hope you're never in a situation where you'll need to defend yourself.

I am a voter and do not approve of this bill
