SEAN W. DALY
REPRESENTATIVE

Testimony to be submitted to the General Law Committee
In Support of bill 936 AAC Advertising by Nonlicensed Tradespersons
February, 26th 2009

My name is Sean Daly and I am a representative of the International Brotherhood Of Electrical Workers. We represent over 6000 electrical workers and over 200 electrical contractors. We fully support SB 936. Having a contractor's license number on their vehicles and in their advertisements is very important to the consumers of this state. Consumers will be able to make sure they are using legal and licensed contractors to perform the work they desire and pay for. Any contractor who does not display their license number is most likely running an illegal company. They don't pay taxes, workers comp, and unemployment insurance. They run cash businesses and the consumer is left holding the bag with no recourse for shoddy craftsmanship or unfinished projects. I know my family deserves to have licensed people in our home for safety reasons and get the services we pay for. So we ask you to support SB 936 and thank you for your consideration of this bill.
