Subject: Proposed bill on Cyberstalking -H.B. No. 6357

I am writing on behalf of myself, my family and others who have been the victims of "Cyber stalking" and "Cyber bullying".

I know from personal experience what it is like -- as I have been "cyber bullied" as had my daughter in the past.

This email campaign was initiated by Robin Bushong of Enfield, whose daughter has recently become a victim of "cyber bullying" and I whole heartedly join her in this.

It is my hope that the proposed bill H.B. No. 6357 becomes law.

I urge you to see that this bill is passed and that this type of bullying and stalking becomes a crime punishable in a court of law in the State of Connecticut.

If you could forward this email to any other legislators /house members who may be helpful in seeing this bill passed, please do.

Thank you.
