2 have power, in accordance with the provisions of this section, from
3 time to time to authorize the issuance of special tax obligation bonds of
4 the state in one or more series and in principal amounts in the

18 (c) None of said bonds shall be authorized except upon a finding by
19 the State Bond Commission that there has been filed with it (1) a
20 request for such authorization, which is signed by the Secretary of the
21 Office of Policy and Management or by or on behalf of such state
22 officer, department or agency and stating such terms and conditions as

34 with it if said commission authorizes the secretary of said commission
35 to accept such reports and statements on its behalf. No funds derived
36 from the sale of bonds authorized by said commission without a
37 finding that the reports and statements required by this subdivision
38 have been filed with it shall be allotted by the Governor for any project

56 such federal, private or other moneys then available or thereafter to be
57 made available for costs in connection with such project shall be added
58 to such state moneys.

59 (e) Any balance of proceeds of the sale of said bonds authorized for

85 costs, as defined in subdivision (6) of section 13b-75 of the general
86 statutes, with respect to the projects and uses hereinafter described,
87 which projects and uses are hereby found and determined to be in
88 furtherance of one or more of the authorized purposes for the issuance
89 of special tax obligation bonds set forth in section 13b-74 of the general

107 Commission may authorize said bonds without a finding that the
108 reports and statements required by this subdivision have been filed

850 Program.

851 (c) None of said bonds shall be authorized except upon a finding by
852 the State Bond Commission that there has been filed with it (1) a
853 request for such authorization, which is signed by the Secretary of the
854 Office of Policy and Management or by or on behalf of such state
855 officer, department or agency and stating such terms and conditions as
856 said commission, in its discretion, may require, and (2) any capital
857 development impact statement and any human services facility
858 colocation statement required to be filed with the Secretary of the

859 Office of Policy and Management pursuant to section 4b-23 of the
860 general statutes, any advisory report regarding the state conservation
861 and development policies plan required pursuant to section 16a-31 of
862 the general statutes, and any statement regarding farm land required
863 pursuant to subsection (g) of section 3-20 of the general statutes and
864 section 22-6 of the general statutes, provided the State Bond
865 Commission may authorize said bonds without a finding that the
866 reports and statements required by this subdivision have been filed
867 with it if said commission authorizes the secretary of said commission
868 to accept such reports and statements on its behalf. No funds derived
869 from the sale of bonds authorized by said commission without a
870 finding that the reports and statements required by this subdivision
871 have been filed with it shall be allotted by the Governor for any project
872 until the reports and statements required by this subdivision, with
873 respect to such project, have been filed with the secretary of said
874 commission.

875 (d) For the purposes of this section, each request filed as provided in
876 this section for an authorization of bonds shall identify the project for
877 which the proceeds of the sale of such bonds are to be used and
878 expended and, in addition to any terms and conditions required
879 pursuant to this section, include the recommendation of the person
880 signing such request as to the extent to which federal, private or other
881 moneys then available or thereafter to be made available for costs in
882 connection with any such project should be added to the state moneys
883 available or becoming available from the proceeds of bonds and
884 temporary notes issued in anticipation of the receipt of the proceeds of
885 bonds. If the request includes a recommendation that some amount of
886 such federal, private or other moneys should be added to such state
887 moneys, then, if and to the extent directed by the State Bond
888 Commission at the time of authorization of such bonds, said amount of
889 such federal, private or other moneys then available or thereafter to be
890 made available for costs in connection with such project shall be added
891 to such state moneys.

892 (e) Any balance of proceeds of the sale of said bonds authorized for
 893 the projects or purposes of this section, in excess of the aggregate costs
 894 of all the projects so authorized, shall be used in the manner set forth
 895 in sections 13b-74 to 13b-77, inclusive, of the general statutes, and in
 896 the proceedings of the State Bond Commission respecting the issuance
 897 and sale of said bonds.

898 (f) Said bonds issued pursuant to this section shall be special
 899 obligations of the state and shall not be payable from or charged upon
 900 any funds other than revenues of the state pledged therefor in
 901 subsection (b) of section 13b-61 of the general statutes and section 13b-
 902 69 of the general statutes, or such other receipts, funds or moneys as
 903 may be pledged therefor. Said bonds shall not be payable from or
 904 charged upon any funds other than such pledged revenues or such
 905 other receipts, funds or moneys as may be pledged therefor, nor shall
 906 the state or any political subdivision thereof be subject to any liability
 907 thereon, except to the extent of such pledged revenues or such other
 908 receipts, funds or moneys as may be pledged therefor. Said bonds shall
 909 be issued under and in accordance with the provisions of sections 13b-
