Subject: Public Hearing Testimony - HB 6493
Importance: High

Good Morning,

I am writing to provide written testimony in the case of HB-6493 to give Regional School Districts the right to dissolve by the majority of the votes cast in such regional school district rather than a majority vote in each member town.

I am concerned as a parent of a High Honor student at Parish Hill and Hampton Resident. My son really enjoys going to his school, he is currently in 8th grade but has decided to stay at Parish Hill next year, as have many of his friends. With all of our towns being so small I do not feel it is fair to have a more populated town (Chaplin) dictating the rule of law for the education of our children.

Kind Regards,

Laura Folk
