Education Committee
Raised Bill 6666, Section 7
300 Summit Avenue
Hartford, CT

As a parent and resident of Connecticut, I write in support of section 7 of the Raised Bill number 6666. We feel that it is imperative that Educational teams have the support to provide children with autism spectrum disorders with the appropriately certified staff when it is written into that child's educational plan. In too many instances, non-certified people have been hired to set up programs that have produced negative results and have not provided educational benefit for our children.

Please vote in favor of Connecticut Raised Bill # 6666, section 7.

Sincerely,
