Hello,

It has come to my attention that the Educational Center for the Arts is in danger of closing. I am deeply upset to hear this. ECA and the educators there have been hugely instrumental in my development as an artist, instructor, and person. I learned to embrace uniqueness and dance as an art form through the educators at ECA. Their work and their passion for their art is truly inspirational and it would be a grave disservice to community and to their students to place restrictive boundaries upon their credentials and upon the school as a whole. Educators at ECA are artists first and that is what makes the experience at ECA an inspirational and life changing time.

Please keep ECA open so that the good teachers there can continue to share their passion and experience!!!

Regards,

-Julianne D'lorio
