Regarding Raised Bill # 6666, Section 7

An act requiring School Districts to utilize Board Certified Behavior Analysts when an individual education plan includes applied behavior analytic services as part of a student's special education.

To Whom It May Concern:

I am a teaching assistant working with students who have special needs and I am in support of Raised Bill # 6666, Section 7. I support this bill because I believe it is critical for student's who require applied behavior analytic services to have those services delivered by a professional who is trained in that area. It is critical not only to the student's educational success, but to their long term success as well. Thank you.
