Attention: Education Committee
RE: Raised Bill 6666 Section 7

To Whom it may concern;

We are writing you today in order to inform you that we support this bill. We are the parents of an 11 year old son who has Autism. It is because of the teachers who are properly trained and certified in Applied Behavior Analysis that our son has finally been able to make significant progress in his overall education. We strongly believe that without such qualified teachers, the state of Connecticut would be doing children like our son a huge disservice. Please do everything possible to make sure this bill gets the attention and support it needs, so that our children can be taught with the standards that they deserve.

Respectfully,
Mr. and Mrs. Thomas Collins

Maureen Collins
