To whom it may concern,

Please do what ever is possible to keep ECA as it is. Our son is a junior and we are paying to send him because Clinton is a non participating town. This is expensive for us but we value the educational experience and know it is what he needs to complete his high school education and move on the Collage.

Our son is thriving at ECA. He has identified his goals with the help of ECA faculty and he looks forward to a collage education in technical theater. He would not have had the exposure without ECA. He is an A student with goals and ambitions. Please do what ever is necessary to allow him to complete his senior year with the talented and generous faculty he now has.

Sincerely,

Wes and Yvonne Kavanagh
