Subject: RE: SB 5018

Anne: Senator Boucher did not have written testimony for that bill. She just spoke.

Can you just submit this statement:

5018 requires a mandate review of health insurance plans in Connecticut. It would give the General Assembly a clear understanding of the cost of mandates and their affect on the affordability of health insurance in Connecticut. It would also provide us with information if the reduction of mandates could increase access to health plans for the small and single person business during a time of a deepening recession.

I'm wiritng the JF Report for SB 5018.

The sign up sheet for this bill shows Senator Boucher signed up as a speaker. Unfortunately, we don't have the transcripts for this public hearing, and I don't have any written testimony from her.

I was wondering if Sen. Boucher had her comments in written form? If so, could you please e-mail them to me so they could be included in the JF Report.

Thank you for your help in this matter.
