Environment Committee
Room 3200, Legislative Office Building
Hartford, CT 06106

Dear Rep. for Environment Committee,

Please note our steadfast support of bill SB 206. I respectfully request that you do everything in your power to assist the citizens of Connecticut as we have been adversely effected by the current lack of local control in cell tower siting. This has been a financial burden in these current tough economic times, time consuming and extremely distressing to us and the countless residents affected here. The system currently in place does not provide equal rights for the citizens of Connecticut and the town officials that know their towns' best interests.

Sincerely,

Karen W. Ferranti
