

**CONNECTICUT GENERAL ASSEMBLY
ENERGY & TECHNOLOGY COMMITTEE**

**S.B. 464 – AN ACT CONCERNING ENERGY AND TECHNOLOGY RESEARCH
AND DEVELOPMENT**

PUBLIC HEARINGS – MARCH 18, 2010

**STATEMENT OF SUPPORT FROM
CONSOLIDATED EDISON SOLUTIONS, INC.
AND CONSOLIDATED EDISON ENERGY, INC.**

Consolidated Edison Energy, Inc. (“ConEdison Energy”), supplies electricity to various utilities through their Basic, Default and Standard Service programs approved by various state commissions in New England and PJM, and ConEdison Energy’s affiliate Consolidated Edison Solutions, Inc. (“ConEdison Solutions”), supplies electricity, including Green Power, to all customer segments throughout Connecticut. ConEdison Solutions also provides a wide range of energy management services including traditional energy efficiency measures as well as price responsive and demand curtailment strategies to commercial and industrial companies.

ConEdison Energy and ConEdison Solutions supports S.B. 464, which, if adopted, would have the Department of Public Utility Control work with the New York State Energy Research and Development Authority to help identify ways to enhance energy efficiency and renewable programs in Connecticut.

Respectfully Submitted
