Dear Chairmen and Members of the General Law Committee,

I am writing today in support of House Bill 5228, An Act Concerning the Sales of Event Tickets on the Secondary Market. I intended to attend your hearing scheduled for February 25<sup>th</sup> but unfortunately, I am not able at this time.

I believe this bill will benefit Connecticut consumers who purchase tickets to live entertainment events or contract for season tickets for sport teams or theater subscriptions.

I am a ticket reseller in the state of Connecticut and I believe this bill would help my customers by allowing them to choose what to do with their tickets without being afraid of losing money or even their season ticket rights. Connecticut residents who purchase tickets for the theater or for sporting events should have the ability to give away their tickets or sell their tickets and not have those tickets revoked by a venue because they were re-sold or transferred.

This bill assures Connecticut consumers that they can choose to do what they want with their tickets and I would like to express my full support.

Very truly yours,

T. W. Stevenson  
President
