434 of successful applicants who may obtain shotgun and muzzleloader
435 permits for hunting deer on state lands. Any person whose name
436 appears on more than one application for a shotgun permit or more
437 than one application for a muzzleloader permit shall be disqualified
438 from the selection process for such permit. No person shall hunt,
439 pursue, wound or kill deer with a bow and arrow without first
440 obtaining a bow and arrow permit pursuant to section 26-86c, as
441 amended by this act. "Bow and arrow" as used in this section and in
442 section 26-86c, as amended by this act, means a bow with a draw
443 weight of not less than forty pounds. The arrowhead shall have two or
444 more blades and may not be less than seven-eighths of an inch at the
445 widest point. No person shall carry firearms of any kind while hunting

448 payment of a five-dollar fee, to the owner of ten or more acres of
449 private land or a resident of this state, who has the consent of the
450 owner of ten or more acres of private land, a private land pistol or
451 revolver permit that allows the use of a pistol or revolver, as defined in

452 section 29-27, to hunt deer from November first to December thirty-
453 first, inclusive, pursuant to the bag limit established for a private land
454 deer permit under this subsection. Any person authorized to hunt deer
455 by pistol or revolver pursuant to this subsection shall use a cartridge of
456 .357 caliber or larger for such purpose.

457 (b) Any person who takes a deer without a permit shall be fined not
458 less than two hundred dollars or more than five hundred dollars or
459 imprisoned not less than thirty days or more than six months or shall
460 be both fined and imprisoned, for the first offense, and for each
461 subsequent offense shall be fined not less than two hundred dollars or
462 more than one thousand dollars or imprisoned not more than one year
463 or shall be both fined and imprisoned.

469 the Commissioner of Environmental Protection pursuant to this
470 section or section 26-86a, as amended by this act, for persons hunting
471 deer with bow and arrow under private land deer permits issued free
472 to qualifying landowners, or their husbands or wives, parents,

479 active full-time member of the armed forces, as defined in section 27-
480 103, may purchase a bow and arrow permit to hunt deer and small
481 game for the same fee as is charged a resident of the state. Permits to
482 hunt with a bow and arrow under the provisions of this chapter shall
483 be issued only to qualified applicants therefor by the Commissioner of
484 Environmental Protection, in such form as said commissioner

485 prescribes. Applications shall be made on forms furnished by the
486 commissioner containing such information as he may require and all
487 such application forms shall have printed thereon: "I declare under the
488 penalties of false statement that the statements herein made by me are
489 true and correct." Any person who makes any material false statement
490 on such application form shall be guilty of false statement and shall be
491 subject to the penalties provided for false statement and said offense
492 shall be deemed to have been committed in the town in which the
493 applicant resides. No such application shall contain any material false
494 statement. On and after January 1, 2002, permits to hunt with a bow

503 vehicle with a gross vehicle weight rating not exceeding ten thousand
504 pounds or fire fighting apparatus originally equipped with seat safety
505 belts complying with the provisions of the Code of Federal
506 Regulations, Title 49, Section 571.209, as amended from time to time,

515 such operator and each passenger in such vehicle shall wear such seat
516 safety belt while the vehicle is being operated on any highway.

517 (2) The provisions of subdivision (1) of this subsection shall not
518 apply to (A) any person whose physical disability or impairment
519 would prevent restraint in such safety belt, provided such person
520 obtains a written statement from a licensed physician containing
521 reasons for such person's inability to wear such safety belt and
522 including information concerning the nature and extent of such
523 condition. Such person shall carry the statement on his or her person
524 or in the motor vehicle at all times when it is being operated, or (B) an
525 authorized emergency vehicle, other than fire fighting apparatus,
526 responding to an emergency call or a motor vehicle operated by a rural
527 letter carrier of the United States postal service while performing his or

529 newspapers.

530 (3) Failure to wear a seat safety belt shall not be considered as
531 contributory negligence nor shall such failure be admissible evidence
532 in any civil action.

533 (4) Any operator of a motor vehicle, who is eighteen years of age or
534 older, and any passenger in such motor vehicle, who violates any
535 provision of this subsection shall have committed an infraction and

539 committed an infraction and shall be fined seventy-five dollars. Points
540 may not be assessed against the operator's license of any person
541 convicted of such violation.

542 Sec. 18. Section 14-13 of the general statutes is repealed and the
543 following is substituted in lieu thereof (*Effective from passage*):

544 (a) The certificate of registration and any automobile insurance
545 identification card for the vehicle issued pursuant to section 38a-364
546 shall be carried in the motor vehicle at all times when it is being
547 operated on a public highway, except as otherwise provided by
548 statute. If a vehicle is registered in the name of a lessor licensed under

549 section 14-15, a legible photostatic copy of the certificate of registration
550 or a rental or lease contract which shall include the vehicle
551 identification number of such vehicle registered in this state may be
552 carried in lieu of the original certificate, provided the original
553 certificate shall be available at all times for inspection at the lessor's
554 usual place of business in the state if the motor vehicle is registered in
555 this state. If a vehicle is registered as a school bus as defined in section
556 14-275, such copy may be carried in lieu of the original certificate,
557 provided such certificate shall be available at all times for inspection at
558 the school bus owner's usual place of business in the state.

559 (b) Any person who violates any provision of this section shall, for a
560 first offense, be deemed to have committed an infraction and be fined
561 [thirty-five] fifty dollars, and, for each subsequent offense, shall be
562 fined not more than fifty dollars.

563 Sec. 19. Section 14-17 of the general statutes is repealed and the
564 following is substituted in lieu thereof (*Effective from passage*):

565 (a) A person holding a certificate of registration for a motor vehicle
566 who substantially changes the appearance or mechanical equipment of
567 the motor vehicle so that the motor vehicle no longer conforms to the
568 description contained in the application for, or certificate of,
569 registration shall notify the commissioner of the change within forty-
570 eight hours of the change. Notice is unnecessary if (1) the intent to
571 make the change is specified in the original registration, or (2) in the
572 case of a motor vehicle registered as a motor bus and having a seating
573 capacity in excess of sixteen passengers, or in the case of a truck having
574 a carrying capacity of two thousand pounds or more, and if the change
575 is solely in regard to the motor, and, in case of the substitution of a
576 motor, the motor so substituted has been registered with the
577 commissioner. The commissioner may register such motor upon
578 written application by the owner thereof setting forth such information
579 as the commissioner may require. The fee for such registration shall be
580 ten dollars.

581 (b) Any person who violates any provision of this section shall be
582 deemed to have committed an infraction and be fined [thirty-five] fifty
583 dollars for each offense.

584 Sec. 20. Section 14-26 of the general statutes is repealed and the
585 following is substituted in lieu thereof (*Effective from passage*):

586 (a) Each owner or lessee of a motor bus, service bus, taxicab, school
587 bus or motor vehicle in livery service shall file in the office of the
588 commissioner a special application, containing his name, residence
589 and post-office address and a description of the motor vehicle owned
590 or leased by him, which shall include the name of the maker and such
591 other information as the commissioner may require. The commissioner
592 may register such motor vehicle as a motor bus or as a service bus or as
593 a taxicab or as a school bus or as a motor vehicle in livery service or as
594 a school bus used in part in livery service; but no such registration
595 shall be issued to the owner or lessee of any such motor vehicle unless
596 it is in suitable condition for carrying passengers and is equipped as
597 required by law. The registration number and certificate of registration
598 of each such vehicle shall be special, and such certificate of registration
599 shall contain such information as the commissioner may require. No
600 registration shall be issued to the owner or lessee of a motor bus who
601 has not obtained a certificate of public convenience and necessity from
602 the Department of Transportation, in accordance with the provisions
603 of section 13b-80. No registration shall be issued to the owner or lessee
604 of a taxicab who has not obtained a certificate of public convenience
605 and necessity from the Department of Transportation in accordance
606 with the provisions of section 13b-97. No such vehicle shall be
607 registered unless the owner thereof has complied with the provisions
608 of section 14-29, and no such vehicle shall be operated upon any
609 highway without first being registered in accordance with the
610 provisions of section 14-49. The commissioner may issue, to an
611 applicant for registration of more than one motor bus, a certificate or
612 certificates of registration containing a general distinguishing number
613 and mark assigned to such applicant upon application to him therefor,
614 which application shall be made in such form and contain such

615 information as the commissioner may determine. Each motor bus
616 included in such registration shall be regarded as registered under and
617 having assigned to it such general distinguishing number and mark.
618 The commissioner may impose upon the issuance and use of each such
619 general registration such conditions, limitations and restrictions as he
620 may determine. Such motor bus owners shall not be required to carry
621 such certificates upon the vehicles registered under the provisions of
622 this section, but shall keep a record of each person operating any
623 motor bus so registered in sufficient detail to promptly identify such
624 person at any specified time, which record shall be subject to the
625 inspection of any officer designated by the commissioner. If any such
626 registrant fails to keep such record or to produce it for inspection as
627 hereinbefore provided, such failure shall be sufficient cause for the
628 commissioner to cancel or suspend such registration. The
629 commissioner may require of such registrant a bond satisfactory to
630 him in an amount not to exceed ten thousand dollars, conditioned
631 upon compliance with the laws of the state and the regulations of the
632 commissioner concerning the use of such registration, number and
633 mark, or otherwise conditioned as he may direct, which bond shall be
634 forfeited for any violation of the conditions thereof. The commissioner
635 may issue to the holder of any such general motor bus or interstate
636 registration one or more registrations and number plates for motor
637 vehicles in livery service which may be used interchangeably with
638 such motor bus or interstate registration in accordance with such
639 conditions and regulations as he may impose, provided the number of
640 interstate registrations and number plates issued shall not exceed the
641 number of intrastate registrations and number plates authorized by the
642 Department of Transportation.

643 (b) The certificate of registration of a motor bus, service bus, taxicab,
644 school bus and motor vehicle in livery service shall, at all times, be
645 carried upon such motor vehicle and shall be subject to examination
646 upon demand by any person authorized by law.

647 (c) Any person who violates any provision of this section shall have
648 committed an infraction. Any person who violates any provision of

649 subsection (b) of this section shall be fined [, for the first offense, thirty-
650 five] fifty dollars [and, for each subsequent offense, not less than
651 thirty-five dollars nor more than fifty dollars] for each offense.

652 Sec. 21. Section 14-36a of the general statutes is repealed and the
653 following is substituted in lieu thereof (*Effective from passage*):

654 (a) A commercial driver's license issued in accordance with section
655 14-44c shall be designated as class A, B or C, in accordance with the
656 provisions of subsection (b) of section 14-44d. All other operators'
657 licenses shall be designated as class D. A license of any class that also
658 authorizes the operation of a motorcycle shall contain the designation
659 "M".

660 (b) A commercial driver's license which contains the endorsement
661 "S" evidences that the holder meets the requirements of section 14-44 to
662 operate a school bus or any vehicle described in subsection (c) of this
663 section. A commercial driver's license may contain any of the
664 following additional endorsements:

665 "P"- authorizes the operation of commercial motor vehicles designed
666 to carry passengers;

667 "H"- authorizes the operation of vehicles transporting hazardous
668 materials;

669 "N"- authorizes the operation of tank vehicles;

670 "X"- authorizes both hazardous materials and tank vehicles; and

671 "T"- authorizes the operation of vehicles with up to three trailing,
672 nonpower units.

673 The commissioner may establish one or more restrictions on
674 commercial driver's licenses of any class, in regulations adopted in
675 accordance with the provisions of chapter 54. Subject to the provisions
676 of subsection (b) of section 14-44d, a commercial driver's license of any
677 class authorizes the holder of such license to operate any motor vehicle

678 that may be operated by the holder of a class D operator's license.

679 (c) A commercial driver's license or a class D license that contains
680 any of the following endorsements evidences that the holder meets the
681 requirements of section 14-44:

682 "V"- authorizes the transportation of passengers in a student
683 transportation vehicle, as defined in section 14-212, or any vehicle that
684 requires an "A" or "F" endorsement;

685 "A"- authorizes the transportation of passengers in an activity
686 vehicle, as defined in section 14-1, or any vehicle that requires an "F"
687 endorsement; and

688 "F"- authorizes the transportation of passengers in a taxicab, motor
689 vehicle in livery service, service bus or motor bus.

690 The commissioner may establish one or more endorsements or
691 restrictions on class D licenses, in accordance with regulations adopted
692 in accordance with the provisions of chapter 54.

693 (d) No person shall operate a motor vehicle in violation of the
694 classification of the license issued to him.

695 (e) Any person who violates any provision of subsection (d) or (e) of
696 this section shall, for a first offense, be deemed to have committed an
697 infraction and be fined [not less than thirty-five dollars or more than]
698 fifty dollars and, for a subsequent offense, shall be fined not more than
699 one hundred dollars or imprisoned not more than thirty days, or both.

700 Sec. 22. Section 14-40a of the general statutes is repealed and the
701 following is substituted in lieu thereof (*Effective from passage*):

702 (a) No person shall operate a motorcycle on any public highway of
703 this state until such person has obtained a motor vehicle operator's
704 license with a motorcycle endorsement from the commissioner.

705 (b) A person who is sixteen years of age or older and who has not

706 had such a license suspended or revoked may apply to the
707 commissioner for a training permit. The commissioner may issue a
708 training permit, containing such limitation as said commissioner
709 deems advisable, to an applicant after the applicant has passed all
710 parts of the examination, other than the driving test, for a motor
711 vehicle operator's license with a motorcycle endorsement as required
712 by subsection (c) of this section. The training permit shall entitle the
713 applicant, while said applicant is in immediate possession of said
714 permit, to drive a motorcycle on the public highways, other than
715 multiple lane limited access highways, for a period of sixty days. A
716 training permit may be renewed, or a new permit issued, for an
717 additional period of sixty days. On and after January 1, 1990, each
718 applicant issued a training permit shall, while operating a motorcycle,
719 wear protective headgear of a type which conforms to the minimum
720 specifications established by regulations adopted under subsection (b)
721 of section 14-289g.

722 (c) Before granting a motorcycle endorsement to any applicant who
723 has not held such an endorsement at any time within the preceding
724 two years, the commissioner shall require the applicant to demonstrate
725 personally to the commissioner, a deputy or a motor vehicle inspector
726 or an agent of the commissioner, in such manner as the commissioner
727 directs, that the applicant is a proper person to operate a motorcycle,
728 has sufficient knowledge of the mechanism of a motorcycle to ensure
729 its safe operation by such applicant, and has satisfactory knowledge of
730 the law concerning motorcycles and other motor vehicles and the rules
731 of the road. An applicant under the age of eighteen shall also present
732 evidence satisfactory to the commissioner that such applicant has
733 successfully completed a novice motorcycle training course conducted
734 by the Department of Transportation or by any firm or organization
735 that conducts such a course that uses the curriculum of the Motorcycle
736 Safety Foundation or other safety or educational organization that has
737 developed a curriculum approved by the commissioner. The
738 commissioner may waive the on-road skills portion of the examination
739 for the endorsement for any such applicant or an applicant who is

740 eighteen years of age or older who presents evidence of satisfactorily
741 completing a motorcycle training course. If an applicant has had a
742 license or held such an endorsement from a state where a similar
743 examination or course is required, the commissioner may waive part
744 or all of any such requirement. When the commissioner is satisfied as
745 to the ability and competency of the applicant, the commissioner may
746 issue an endorsement to such applicant, either unlimited or containing
747 such limitations as the commissioner deems advisable. If an applicant
748 or motorcycle endorsement holder has any health problem which
749 might affect such person's ability to operate a motorcycle safely, the
750 commissioner may require the applicant or endorsement holder to
751 demonstrate personally that, notwithstanding the problem, such
752 person is a proper person to operate a motorcycle, and the
753 commissioner may further require a certificate of the applicant's
754 condition, signed by a medical authority designated by the
755 commissioner, which certificate shall, in all cases, be treated as
756 confidential by the commissioner. An endorsement, containing such
757 limitation as the commissioner deems advisable may be issued or
758 renewed in any case, but nothing in this section shall be construed to
759 prevent the commissioner from refusing an endorsement, either
760 limited or unlimited, to any person or suspending an endorsement of a
761 person whom the commissioner deems incapable of safely operating a
762 motorcycle.

763 (d) No person shall operate a motorcycle in any manner in violation
764 of the limitations imposed in a limited endorsement issued to such
765 person.

766 (e) Any person who violates any provision of subsection (a), (b) or
767 (d) of this section shall, for a first offense, be deemed to have
768 committed an infraction and be fined [not less than thirty-five dollars
769 or more than] fifty dollars and, for any subsequent offense, shall be
770 fined not more than one hundred dollars or imprisoned not more than
771 thirty days, or both.

772 Sec. 23. Section 14-66c of the 2010 supplement to the general statutes

773 is repealed and the following is substituted in lieu thereof (*Effective*
774 *from passage*):

775 (a) As used in this section, "motorized personal property" includes
776 mini-motorcycles, dirt bikes, snowmobiles, or other types of motorized
777 personal property.

778 (b) If any motorized personal property is towed or otherwise
779 removed by a wrecker licensed under section 14-66, at the direction of
780 an officer attached to an organized police department, such property
781 shall be taken to and stored in a suitable place. Within forty-eight
782 hours following the time that such property is taken into custody, the
783 licensee or operator of the wrecker shall give written notice by certified
784 mail to the owner, if known (1) that such property has been taken and
785 stored, and (2) the location of such property. Such licensee or operator
786 shall have a lien upon the same for towing or removal charges and
787 storage charges. If such owner does not claim such property, or if the
788 owner of such property is not known, the licensee or operator of the
789 wrecker may sell or dispose of such property after thirty days, subject
790 to any provision of the general statutes, or any regulation adopted
791 thereunder, concerning the sale or disposal of such property.

792 (c) Any person who violates any provision of this section shall, for a
793 first offense, be deemed to have committed an infraction and be fined
794 [not less than thirty-five dollars nor more than] fifty dollars, and, for
795 each subsequent offense, shall be fined not less than fifty dollars nor
796 more than one hundred dollars or imprisoned not more than thirty
797 days or be both fined and imprisoned.

798 Sec. 24. Section 14-81 of the 2010 supplement to the general statutes
799 is repealed and the following is substituted in lieu thereof (*Effective*
800 *from passage*):

801 (a) Each trailer or semitrailer having a gross vehicle weight rating of
802 three thousand pounds or more shall, when operated on any public
803 highway, be equipped with a braking system operating on all wheels.
804 The braking system shall be adequate to safely control the movement

805 of the trailer or semitrailer and, when set, to safely hold the trailer or
806 semitrailer stationary. The brakes shall, at all times, be maintained in
807 good and sufficient working order and shall be capable of being
808 controlled or operated from the driver's seat of the towing vehicle by
809 either the hand or the foot, except that brakes on trailers having a gross
810 vehicle weight rating of eight thousand pounds or less need not be
811 capable of being controlled or operated from the driver's seat by either
812 the hand or the foot. Except with respect to pole trailers and boat
813 trailers, the commissioner may make regulations concerning the
814 performance of such brakes when the trailer or semitrailer is operated
815 in combination with a towing vehicle. The regulations shall designate
816 the stopping distance, in feet, of the combination of trailer or
817 semitrailer and shall include such other conditions as may be
818 necessary to ensure brake performance adequate to safely control the
819 movement of the vehicles.

820 (b) Any person who violates any provision of this section shall be
821 deemed to have committed an infraction and be fined [not less than
822 thirty-five dollars nor more than] fifty dollars for each offense.

823 Sec. 25. Section 14-145 of the general statutes is repealed and the
824 following is substituted in lieu thereof (*Effective from passage*):

825 (a) An owner or lessee of private property, or his agent, may remove
826 or cause to be removed any motor vehicle left without authorization
827 on such property in accordance with the provisions of this section and
828 sections 14-145a to 14-145c, inclusive. This section shall not apply to
829 law enforcement, fire-fighting, rescue, ambulance or emergency
830 vehicles which are marked as such, or to the removal of motor vehicles
831 from property leased by any governmental agency.

832 (b) When such motor vehicle is towed or otherwise removed by a
833 wrecker licensed under section 14-66, the licensee or operator of the
834 wrecker shall notify the local police department of the tow or removal
835 within two hours. No such licensee or operator may charge a storage
836 fee for such motor vehicle for the time it is stored prior to such

837 notification. If the motor vehicle is not claimed by its owner within the
838 time periods specified in subsection (e) of section 14-150, the licensee
839 or operator of the wrecker or of the garage where such motor vehicle is
840 stored may dispose of it in accordance with the provisions of
841 subsection (e) of section 14-150.

842 (c) Any person who violates any provision of this section shall, for a
843 first offense, be deemed to have committed an infraction and be fined
844 [not less than thirty-five dollars nor more than] fifty dollars, and, for
845 each subsequent offense, shall be fined not less than fifty dollars nor
846 more than one hundred dollars or imprisoned not more than thirty
847 days or be both fined and imprisoned.

848 Sec. 26. Section 14-164c of the 2010 supplement to the general
849 statutes is repealed and the following is substituted in lieu thereof
850 (*Effective from passage*):

851 (a) No person shall fail to maintain in good working order or
852 remove, dismantle or otherwise cause to be inoperative any equipment
853 or feature constituting an operational element of the air pollution
854 control system or mechanism of a motor vehicle required by
855 regulations of the Commissioner of Environmental Protection to be
856 maintained or on the vehicle. Any such failure to maintain in good
857 working order or removal, dismantling or causing of inoperability
858 shall subject the owner thereof to revocation of registration for such
859 vehicle by the Commissioner of Motor Vehicles unless all parts and
860 equipment constituting elements of air pollution control have been
861 made operable and in good working order within thirty days of notice
862 by said commissioner of such violation. Any such failure shall be
863 considered a failure to comply with the periodic inspection
864 requirements established under subsection (c) of this section. As used
865 in this section, motor vehicle shall have the same meaning as is
866 provided in section 14-1.

867 (b) The Commissioner of Environmental Protection shall consult
868 with the Commissioner of Motor Vehicles and furnish the

869 commissioner with technical information, including testing techniques,
870 standards and instructions for emission control features and
871 equipment. The Commissioner of Environmental Protection shall
872 furnish the Commissioner of Motor Vehicles with emission standards
873 for all motor vehicles subject to the inspection and maintenance
874 requirements. Such standards shall be consistent with provisions of
875 federal law, if any, relating to control of emissions from the vehicles
876 concerned or any regulations adopted by the Commissioner of
877 Environmental Protection which implement the low-emission vehicle
878 and clean fuels regulations adopted by the state of California, as
879 amended. Such standards shall be periodically reviewed by the
880 Commissioner of Environmental Protection and revised, if necessary,
881 to achieve the objectives of the vehicle emission inspection program.

882 (c) The commissioner shall adopt regulations, in accordance with
883 chapter 54, to implement the provisions of this section. Such
884 regulations shall include provision for a periodic inspection of air
885 pollution control equipment and compliance with or waiver of exhaust
886 emission standards or compliance with or waiver of on-board
887 diagnostic standards or other standards defined by the Commissioner
888 of Environmental Protection and approved by the Administrator of the
889 United States Environmental Protection Agency, compliance with or
890 waiver of, air pollution control system integrity standards defined by
891 the Commissioner of Environmental Protection and compliance with
892 or waiver of purge system standards defined by the Commissioner of
893 Environmental Protection. Such regulations may provide for an
894 inspection procedure using an on-board diagnostic information system
895 for all 1996 model year and newer motor vehicles. Such regulations
896 shall apply to all motor vehicles registered or which will be registered
897 in this state except: (1) Vehicles having a gross weight of more than ten
898 thousand pounds; (2) vehicles powered by electricity; (3) bicycles with
899 motors attached; (4) motorcycles; (5) vehicles operating with a
900 temporary registration; (6) vehicles manufactured twenty-five or more
901 years ago; (7) new vehicles at the time of initial registration; (8)
902 vehicles registered but not designed primarily for highway use; (9)

903 farm vehicles, as defined in subsection (q) of section 14-49; (10) diesel-
904 powered type II school buses; (11) a vehicle operated by a licensed
905 dealer or repairer either to or from a location of the purchase or sale of
906 such vehicle or for the purpose of obtaining an official emissions or
907 safety inspection; or (12) vehicles that have met the inspection
908 requirements of section 14-103a and are registered by the
909 commissioner as composite vehicles. On and after July 1, 2002, such
910 regulations shall exempt from the periodic inspection requirement any
911 vehicle four or less model years of age, beginning with model year
912 2003 and the previous three model years, provided that such
913 exemption shall lapse upon a finding by the Administrator of the
914 United States Environmental Protection Agency or by the Secretary of
915 the United States Department of Transportation that such exemption
916 causes the state to violate applicable federal environmental or
917 transportation planning requirements. Notwithstanding any
918 provisions of this subsection, the commissioner may require an initial
919 emissions inspection and compliance or waiver prior to registration of
920 a new motor vehicle. If the Commissioner of Environmental Protection
921 finds that it is necessary to inspect motor vehicles which are exempt
922 under subdivision (1) or (4) of this subsection, or motor vehicles that
923 are four or less model years of age in order to achieve compliance with
924 federal law concerning emission reduction requirements, the
925 Commissioner of Motor Vehicles may adopt regulations, in accordance
926 with the provisions of chapter 54, to require the inspection of
927 motorcycles, designated motor vehicles having a gross weight of more
928 than ten thousand pounds or motor vehicles four or less model years
929 of age.

930 (d) No motor vehicle subject to the inspection requirements of this
931 section shall be operated upon the highways of this state unless such
932 vehicle has been presented for inspection in accordance with a
933 schedule for inspection and compliance as established by the
934 commissioner. The commissioner shall grant waivers from compliance
935 with standards for vehicles which fail any required inspection and
936 require an unreasonable cost of repair to bring the vehicle into

937 compliance. The commissioner may determine compliance of a vehicle
938 that has failed an emissions retest by means of a complete physical and
939 functional diagnosis and inspection of the vehicle, in accordance with
940 the provisions of 40 CFR Part 51.360, showing that no additional
941 emissions-related repairs are needed. An extension of time, not to
942 exceed the period of inspection frequency, may be granted to obtain
943 needed repairs on a vehicle in the case of economic hardship of the
944 owner. Only one such extension may be granted for any vehicle. The
945 commissioner may design a sticker to be affixed to the windshield of
946 each vehicle which shall bear the date of expiration of the assigned
947 inspection period on both sides. The commissioner may also design a
948 sticker to be affixed to the windshield of each vehicle that is exempt
949 from the requirements of this chapter, which sticker shall bear the date,
950 if any, on which such vehicle is no longer exempt and is required to be
951 presented for inspection. As used in this section, "unreasonable cost of
952 repair" means cost of repair in excess of the amounts required to be
953 expended by Title 40, Part 51.360 of the Code of Federal Regulations,
954 as amended.

955 (e) In order to provide for emissions inspection facilities, the
956 commissioner may enter into a negotiated inspection agreement or
957 agreements, notwithstanding chapters 50, 58, 59 and 60, with an
958 independent contractor or contractors, to provide for the leasing,
959 construction, equipping, maintenance or operation of a system of
960 official emissions inspection stations in such numbers and locations as
961 may be required to provide vehicle owners reasonably convenient
962 access to inspection facilities. The commissioner may employ such
963 system and the services of such contractor or contractors to conduct
964 safety inspections as provided by section 14-16a, subsection (g) of
965 section 14-12 and section 14-103a. Such contractor or contractors, with
966 the approval of the commissioner, may operate inspection stations at
967 suitable locations owned or operated by other persons, firms or
968 corporations, including retail business establishments with adequate
969 facilities to accommodate and to perform inspections on motor
970 vehicles. The commissioner is prohibited from entering into an

971 inspection agreement with any independent contractor who: (1) Is
972 engaged in the business of maintaining or repairing vehicles in this
973 state, except that the independent contractor shall not be precluded
974 from maintaining or repairing any vehicle owned or operated by the
975 independent contractor; or (2) does not have the capability, resources
976 or technical and management skill to adequately conduct, equip,
977 operate and maintain a sufficient number of official emissions
978 inspection stations. All persons employed by the independent
979 contractor in the performance of an inspection agreement are deemed
980 to be employees of the independent contractor and not of this state.
981 The inspection agreement or agreements authorized by this section
982 shall be subject to other provisions as follows: (A) Minimum
983 requirements for staff, equipment, management and hours and place
984 of operation of official emissions inspection stations including such
985 additional testing facilities as may be established and operated in
986 accordance with subsection (g) of this section; (B) reports and
987 documentation concerning the operation of official emissions
988 inspection stations and additional testing facilities as the commissioner
989 may require; (C) surveillance privileges for the commissioner to ensure
990 compliance with standards, procedures, rules, regulations and laws;
991 and (D) any other provision deemed necessary by the commissioner
992 for the administration of the inspection agreement. Nothing in the
993 inspection agreement shall require the state to purchase any asset or
994 assume any liability if such agreement is not renewed.

995 (f) (1) The commissioner may authorize and appoint any motor
996 vehicle dealer or repairer that is licensed in accordance with the
997 provisions of subpart (D) of part III of chapter 246 and that has the
998 qualifications established by the commissioner to conduct emissions
999 inspections in a designated area of its licensed premises and to report
1000 the results thereof to the Department of Motor Vehicles, provided such
1001 licensee signs a statement that such licensee understands the
1002 provisions of this section and regulations adopted under authority of
1003 this section, understands the necessity to comply with administrative
1004 and technical directives and advisories that the commissioner issues

1005 and understands that any failure by such licensee to comply with this
1006 section, the regulations or the directives or advisories constitutes
1007 grounds for the commissioner to suspend or revoke the authority for
1008 such licensee to conduct inspections.

1009 (2) Each such licensee shall conduct an emissions inspection of any
1010 registered motor vehicle requiring such an inspection at any time
1011 during its normal and posted hours of operation or, at the discretion of
1012 the commissioner, at a predetermined or appointed time, when such
1013 motor vehicle is presented for inspection. No such licensee shall charge
1014 any fee for the inspection except the fee authorized by subsection (k) of
1015 this section. The results of each emissions inspection performed in
1016 accordance with this subsection shall be evidenced by a written vehicle
1017 inspection report, containing such information and certification by the
1018 inspecting licensee as the commissioner shall prescribe. The licensee
1019 shall furnish a copy of such inspection report to the operator of the
1020 motor vehicle at the time of completion of the inspection.

1021 (3) No such licensee may be appointed by the commissioner nor
1022 may any such licensee conduct any inspection unless the licensee has
1023 in its employ one or more certified emissions inspectors and repair
1024 technicians. Such inspectors and technicians shall conduct all
1025 inspections and related emissions repair work and shall meet the
1026 training and certification requirements in 40 CFR Part 51.367 and of the
1027 regulations adopted by the commissioner in accordance with this
1028 subsection.

1029 (4) The commissioner may suspend or revoke the authority to
1030 conduct emissions inspections by any such licensee that is authorized
1031 to conduct emissions inspections if the licensee fails to comply with the
1032 provisions of this section, regulations adopted under authority of this
1033 section, or administrative or technical directives or advisories that the
1034 commissioner issues.

1035 (5) The commissioner shall adopt regulations, in accordance with
1036 chapter 54, to establish the qualifications for such licensees to be

1037 authorized and appointed to conduct emissions inspections, and to
1038 establish standards and procedures for such inspections, reporting
1039 requirements by such licensees and training and certification
1040 requirements for inspectors and repair technicians.

1041 (g) The independent contractor or contractors retained by the state
1042 in accordance with the provisions of subsection (e) of this section may
1043 conduct emissions inspections at one or more facilities owned or
1044 operated by a motor vehicle dealer or dealers, licensed in accordance
1045 with section 14-52. No such inspection facility located on the premises
1046 of a licensed dealer shall be operated without the prior approval of the
1047 commissioner. The operation of each such facility shall be subject to
1048 such procedures and requirements, to be followed by the contractor
1049 and the licensee, as may be prescribed by the terms and conditions of
1050 the contract entered into in accordance with the provisions of
1051 subsection (e) of this section, and in regulations as may be adopted by
1052 the commissioner in accordance with chapter 54. The state shall not be
1053 a party to, or assume or incur any liability of any kind under, any
1054 agreement entered into between the independent contractor and any
1055 dealer in furtherance of the provisions of this subsection. The contract
1056 or contracts entered into by the state in accordance with the provisions
1057 of subsection (e) of this section shall provide for indemnification of the
1058 state with respect to the operation of any such inspection facility
1059 located at a motor vehicle dealership, in the same manner and to the
1060 same extent as the operation of an official emissions inspection station.

1061 (h) In order to provide for management and oversight of emissions
1062 inspection facilities established in accordance with subsection (e) of
1063 this section and to establish and maintain necessary electronic data
1064 capture and reporting systems for such facilities and for licensed
1065 dealers and repairers who may be authorized to perform inspections in
1066 accordance with the provisions of subsection (f) of this section, the
1067 commissioner may enter into a negotiated personal service agreement
1068 or agreements, in accordance with the provisions of chapter 55a, with
1069 any qualified person, firm or corporation. The responsibilities of any
1070 such contractor retained by the commissioner shall include, but need

1071 not be limited to, the following: (1) Review and analysis of data from
1072 all official emissions inspections performed, and provision to the
1073 commissioner of recommendations to improve the quality and
1074 integrity of such data, (2) provision of program information and
1075 standards to inspection facilities and locations, (3) provision to the
1076 commissioner of regular reports, assessments and recommendations to
1077 maintain or improve the effectiveness, efficiency, quality and integrity
1078 of such inspection operations, and (4) identification of measures to
1079 enhance public convenience, and compliance with the inspection
1080 requirements. No such contractor retained in accordance with the
1081 provisions of this subsection may be licensed as, or have any financial
1082 interest in any firm engaged in the business of selling or repairing
1083 motor vehicles, or may be a provider of emissions inspection
1084 equipment or facilities to the state.

1085 (i) The commissioner may license an owner or operator of a fleet of
1086 motor vehicles which are subject to emissions inspection pursuant to
1087 subsection (c) of this section or section 14-164i, to establish a fleet
1088 emissions inspection station, provided that the fleet owner or operator
1089 conforms with regulations for fleet emissions inspection stations
1090 adopted by the commissioner which shall specify the classes or other
1091 characteristics of vehicles eligible for inspection at such stations.

1092 (j) The commissioner may establish a program for the on-road
1093 testing of motor vehicles subject to this chapter. The program shall test
1094 not less than one-half of one per cent of the subject fleet state-wide or
1095 twenty thousand vehicles, whichever is less, per inspection cycle under
1096 conditions of highway operation in order to provide information
1097 concerning the emission performance of such in-use vehicles. Testing
1098 may be performed by means of remote sensing devices, or roadside
1099 pullovers followed by tailpipe emissions testing using a suitable,
1100 portable device and recording system. Owners of vehicles that have
1101 previously been through scheduled periodic inspection and passed,
1102 and are found by on-road testing to be high emitters, in accordance
1103 with the standards established under subsection (b) of this section and
1104 the regulations adopted under subsection (c) of this section, may be

1105 notified that their vehicles are required to pass an out-of-cycle follow-
1106 up inspection at an inspection station. Notification may be made by
1107 mailing in the case of remote sensing on-road testing or through
1108 immediate notification if roadside pullovers are used. The
1109 commissioner may use the services of the independent contractor or
1110 contractors to implement the on-road testing program. If a method of
1111 roadside pullovers is used in the program, such method shall be
1112 employed with due regard to traffic safety considerations and
1113 performed with the assistance of inspectors of the Department of
1114 Motor Vehicles or members of state or municipal police forces.

1115 (k) (1) The commissioner, with approval of the Secretary of the
1116 Office of Policy and Management, shall establish, and from time to
1117 time modify, the inspection fees, not to exceed twenty dollars for each
1118 biennial inspection or reinspection required pursuant to this chapter
1119 for inspections performed at official emissions inspection stations.
1120 Such fees shall be paid in a manner prescribed by the commissioner. If
1121 the costs to the state of the emissions inspection program, including
1122 administrative costs and payments to any independent contractor,
1123 exceed the income from such fees, such excess costs shall be borne by
1124 the state. Any person whose vehicle has been inspected at an official
1125 emissions inspection station shall, if such vehicle is found not to
1126 comply with any required standards, have the vehicle repaired and
1127 have the right within sixty consecutive calendar days to return such
1128 vehicle to the same official emissions inspection station for one
1129 reinspection without charge, provided, where the sixtieth day falls on
1130 a Sunday, legal holiday or a day on which the commissioner has
1131 established that special circumstances or conditions exist that have
1132 caused emissions inspection to be impracticable, such person may
1133 return such vehicle for reinspection on the next day. The commissioner
1134 shall assess a late fee of twenty dollars for the emissions inspection of a
1135 motor vehicle performed at an official emissions inspection station
1136 later than thirty days after the expiration date of the assigned
1137 inspection period provided the commissioner may waive such late fee
1138 when it is proven to the commissioner's satisfaction that the failure to

1139 have the vehicle inspected within thirty days of the assigned
1140 inspection period was due to exigent circumstances. If ownership of
1141 the motor vehicle has been transferred subsequent to the expiration
1142 date of the assigned inspection period and the new owner has such
1143 motor vehicle inspected within thirty days of the registration of such
1144 motor vehicle, the commissioner shall waive the late fee. If the thirtieth
1145 day falls on a Sunday, legal holiday or a day on which the
1146 commissioner has established that special circumstances or conditions
1147 exist that have caused emissions inspection to be impracticable, such
1148 vehicle may be inspected on the next day and no late fee shall be
1149 assessed.

1150 (2) If the commissioner authorizes a licensed dealer or repairer to
1151 conduct emissions inspections of 1996 model year and newer vehicles
1152 required by this chapter, the commissioner may authorize such
1153 licensee to charge a fee, not to exceed twenty dollars for each biennial
1154 inspection or reinspection.

1155 (3) Upon the registration of each new motor vehicle subject to the
1156 inspection requirements of this chapter, or of each motor vehicle that is
1157 four or less model years of age that has not been registered previously
1158 in this state, the commissioner may issue a sticker indicating the
1159 exempt status of such motor vehicle and the date on which the motor
1160 vehicle is scheduled to be presented for inspection. Any such sticker
1161 that may be issued shall be displayed on the motor vehicle in
1162 accordance with subsection (d) of this section. On and after July 1,
1163 2002, the commissioner shall charge a fee of forty dollars in addition to
1164 any other fees required for such registration. All receipts from the
1165 payment of such fee shall be deposited in the Special Transportation
1166 Fund.

1167 (l) The commissioner may acquire in the name of the state by
1168 purchase, lease, gift, devise or otherwise any special equipment, tools,
1169 materials or facilities needed to adequately administer, investigate or
1170 enforce the provisions of this chapter.

1171 (m) A person shall not in any manner represent any place to be an
1172 official emissions inspection station unless such station has been
1173 established and is operated in accordance with the provisions of this
1174 section.

1175 (n) No person, firm or corporation shall operate or allow to be
1176 operated any motor vehicle that has not been inspected and found to
1177 be in compliance with the provisions of subsections (c), (d) and (i) of
1178 this section and the regulations adopted by the commissioner.
1179 Operation in violation of said subsections or the regulations adopted
1180 by the commissioner shall be an infraction for each violation, except
1181 that the fine for a first violation shall be [thirty-five] fifty dollars. The
1182 commissioner may deny the issuance of registration to the owner of a
1183 motor vehicle, or the renewal of registration to any such owner, or
1184 suspend or revoke any registration that has been issued, if such motor
1185 vehicle is not in compliance with the inspection requirements of this
1186 chapter, or such owner has failed to pay any fee required by the
1187 provisions of this chapter.

1188 Sec. 27. Section 14-223 of the 2010 supplement to the general statutes
1189 is repealed and the following is substituted in lieu thereof (*Effective*
1190 *from passage*):

1191 (a) Whenever the operator of any motor vehicle fails promptly to
1192 bring his motor vehicle to a full stop upon the signal of any officer in
1193 uniform or prominently displaying the badge of his office, or disobeys
1194 the direction of such officer with relation to the operation of his motor
1195 vehicle, he shall be deemed to have committed an infraction and be
1196 fined [thirty-five] fifty dollars for a first offense and shall be fined [not
1197 less than thirty-five dollars nor more than] fifty dollars for any
1198 subsequent offense.

1199 (b) No person operating a motor vehicle, when signaled to stop by
1200 an officer in a police vehicle using an audible signal device or flashing
1201 or revolving lights, shall increase the speed of the motor vehicle in an
1202 attempt to escape or elude such police officer. Any person who violates

1203 this subsection shall be guilty of a class A misdemeanor, except that, if
1204 such violation causes the death or serious physical injury, as defined in
1205 section 53a-3, of another person, such person shall be guilty of a class C
1206 felony, and shall have such person's motor vehicle operator's license
1207 suspended for one year for the first offense, except that the
1208 Commissioner of Motor Vehicles may, after a hearing, as provided for
1209 in subsection (k) of section 14-111, and upon a showing of compelling
1210 mitigating circumstances, reinstate such person's license before the
1211 expiration of such one-year period. For any subsequent offense such
1212 person shall be guilty of a class C felony, except that if any prior
1213 offense by such person under this subsection caused, and such
1214 subsequent offense causes, the death or serious physical injury, as
1215 defined in section 53a-3, of another person, such person shall be guilty
1216 of a class C felony for which one year of the sentence imposed may not
1217 be suspended or reduced by the court, and shall have such person's
1218 motor vehicle operator's license suspended for not less than eighteen
1219 months nor more than two years, except that said commissioner may,
1220 after a hearing, as provided for in subsection (k) of section 14-111, and
1221 upon a showing of compelling mitigating circumstances, reinstate such
1222 person's license before such period.

1223 Sec. 28. Section 14-285 of the general statutes is repealed and the
1224 following is substituted in lieu thereof (*Effective from passage*):

1225 Each vehicle, except a motor vehicle, which is so constructed or
1226 which is so loaded that the driver is prevented from having a free and
1227 unobstructed view of the highway immediately to the rear and at the
1228 sides of the same, shall be equipped with a mirror or reflector attached
1229 to and so located and adjusted on such vehicle as to give the operator
1230 thereof a clear reflected view of the highway directly to the rear on a
1231 line parallel to the side of the body of such vehicle. Any person
1232 operating such a vehicle shall make observations for the approach of
1233 vehicles from the rear and, when so approached, shall drive to the
1234 right of the center line of the traveled way as promptly as safety will
1235 permit, giving the vehicle approaching from the rear opportunity to
1236 pass in safety. Any person who violates any provision of this section

1237 shall be deemed to have committed an infraction and be fined [not less
1238 than thirty-five dollars nor more than] fifty dollars for each offense.

1239 Sec. 29. Subsection (a) of section 51-164m of the general statutes is
1240 repealed and the following is substituted in lieu thereof (*Effective from*
1241 *passage*):

1242 (a) The judges of the Superior Court shall establish and maintain a
1243 schedule of fines to be paid for the violation of the sections of the
1244 general statutes deemed to be infractions and shall establish and
1245 maintain a separate sliding scale of fines for speeding infractions
1246 committed under section 14-219 with a minimum fine of [thirty-five]
1247 fifty dollars and the fine increasing in proportion to the severity of the
1248 violation. The fines may be modified as the judges of the Superior
1249 Court deem advisable.

1250 Sec. 30. (NEW) (*Effective from passage*) (a) Not later than October 1,
1251 2010, the Commissioner of Motor Vehicles shall establish an operator's
1252 permit for any person convicted of operating a motor vehicle under the
1253 influence of intoxicating liquor or any drug, or both, for the limited
1254 purpose of allowing such person to drive between such person's
1255 residence and: (1) Such person's place of employment, or (2) the
1256 college or university that such person attends. The fee for such permit
1257 shall be one hundred dollars.

1258 (b) The Commissioner of Motor Vehicles may adopt regulations, in
1259 accordance with the provisions of chapter 54 of the general statutes, to
1260 implement the provisions of subsection (a) of this section.

1261 Sec. 31. Section 23-16 of the general statutes is repealed and the
1262 following is substituted in lieu thereof (*Effective from passage*):

1263 The Commissioner of Environmental Protection may execute with
1264 residents and nonresidents of this state leases of camping sites and
1265 buildings on the state parks for limited periods except as provided in
1266 section 23-16a and the proceeds from such leases, together with any
1267 other income resulting from the use of the state parks, shall be added

1268 to the General Fund as provided in section 23-15. [Not later than April
1269 1, 1982, said commissioner shall establish a schedule of fees payable for
1270 the leasing of state camping sites and buildings in amounts not less
1271 than one hundred seventy-five per cent of the amounts charged
1272 according to the schedule of camping permit fees established by said
1273 commissioner and in effect as of April 1, 1980.] Not later than April 1,
1274 2010, said commissioner shall establish a schedule of fees payable for
1275 the leasing of state camping sites and buildings for residents of this
1276 state in amounts not greater than one hundred twenty per cent of the
1277 amounts charged according to the schedule of camping permit fees
1278 established by said commissioner and in effect as of April 1, 2009. Not
1279 later than April 1, 2010, said commissioner shall establish a schedule of
1280 fees payable for the leasing of state camping sites and buildings for
1281 nonresidents of this state in amounts not greater than one hundred
1282 fifty per cent of the amounts charged according to the schedule of
1283 camping permit fees established by said commissioner and in effect as
1284 of the effective date of this section. Annually not later than the first day
1285 of November said commissioner shall allocate from funds available for
