Margaret O'Neill

ALZHEIMER'S RESPITE CARE PROGRAM

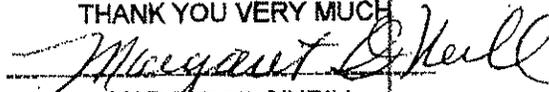

and ask you to retain the funding for this very essential program.

My husband Arthur O'Neill had multiple strokes 45 years ago, that left him paralyzed on the left side of his body. it's been very hard to cope with everything associated with a stroke. But 3 years ago he was diagnosed with Alzheimers disease, You can just imagine how hard it's been to deal with a stroke and now alzheimers too. he's state of confusion and fear associated with his condition makes it very hard to do by my self but with the help of Alzheimer's Respite Care Program, I been able to deal with our problem much better, this program has allowed me to cope with the emotional and physical stress of caring for my husband. Respite Care is one way to help delay nursing home care, and is far less expensive than the a nursing home.

I don't want to send my husband to a nursing home, I been taking good care of him all these years and it's been hard but with the help of ALZHEIMER'S RESPITE CARE PROGRAM IT HAS TAKING A LOT OF STRESS OF OF ME.

THANK YOU FOR LISTENING TO REASONS THAT I SUPPORT THE ALZHEIMER'S RESPITE CARE PROGRAM

THANK YOU VERY MUCH

MARGARET O'NEILL

P.S. PLEASE PLEASE KEEP THIS WONDERFULL PROGRAM GOING
