

David Lang
Self Testimony - DDS

I am supplied services by Connecticut Community Care and I am given a housekeeper that comes to my house twice a week. I have been in a wheelchair for five years. Before having housekeeper services my living arrangement was a disaster. Being provided a housekeeper has amplified my life. My apartment is clean, my clothes are clean and for the most part my mental health has improved. The lady who cleans my house has become a friend of mine and has provided social support. If it were not for the housekeeping services I am provided my life would be unbearable. I am grateful to the state for providing this service and cannot emphasize enough how much value it has been to me. In my opinion, the program should be expanded.

Thank you for your attention and support.

Sincerely,
