Re: Airport Development Zone

To whom it may concern:

I am writing on the behalf of the Economic Development Commission to indicate their support of the Bradley Development League continuous efforts to work with State Legislators to establish an Airport Development Zone around the Bradley International Airport. The State has often sited that Bradley International Airport is an "Economic Engine" and the establishment of an Airport Development Zone would provide incentives to encourage and attract business development in and around the airport area. This position of support was taken by a formal vote of the Economic Development Commission at their December 28th meeting, in which the Commission unanimously voted to support the Bradley Development League continuous efforts to work with State Legislators to establish an Airport Development Zone around the Bradley International Airport. For copies of the minutes for the December 28th Economic Development meeting please visit our website www.eastgranby.net.

Sincerely,

Gary M. Haynes
Director of Community Development
