

Subject: Testimony for art education requirement for graduation.

As an art teacher for 42 years, in private and public institutions, my feelings are so joyful for the lives art has touched and the differences art makes. As a mother of 3 and grandmother to 6 I see the need to celebrate our differences and our creative spirit. Music, dance, painting, drawing, sculpting, potting, printing give life to the day. Let us continue this human tradition within our Connecticut culture.
