

Hello,

My name is Charlie Rukstela and I'm the owner of a small School Bus (six school buses) company located in the Northeast Corner of Connecticut. The company is located in the town of Eastford, CT and I live in the town of Brooklyn, CT. I am very concerned about the future of my small business and impact the Bill No. 280 will have if not passed. I recently competed in the bidding process against a Regional Educational Service Center (RESC) and saw with my own eyes the unfair competition advantage they have over the private sector. I would like to discuss this topic with you if you can see fit to contact me and set up some time to either talk on the phone or meet in person.

Sincerely,

Charles T. Rukstela
