Testimony regarding:

House Bill 5124: AN ACT LIMITING THE IDLING OF MOTOR VEHICLES

Submitted by: Steven K. Reviczky, Executive Director, Connecticut Farm Bureau Association

The following testimony is submitted on behalf of the Connecticut Farm Bureau, a statewide nonprofit membership organization of over 5,000 families dedicated to farming and the future of Connecticut agriculture.

Senator Edward Meyer, Representative Richard Roy and members of the Environment Committee:

The Connecticut Farm Bureau strongly suggests that motor vehicles used in farming and agriculture, as defined in CGS Section 1-1, be added to the exemptions from the provisions of HB 5124. For many of the same practical reasons the bill excludes certain motor vehicle uses, agricultural motor vehicles that fall under Section 1(a) of this bill should also be excluded..
