

Dear Chairman Meyer , Chairman Roy and others members of the Environment Committee,

My name is Walter Grant and I'm writing in support of Raised S. B. 388, an Act Concerning Connecticut's Economic and Environment Future . Connecticut is fortunate enough to have many rivers. They are an important source of clean water and leisure activities.

This bill will increase bonding for the State Clean Water Fund. Benefits include job creation improved water quality and protection of human health and property. I request you support this bill.
