2006 update to the 2005 Undistributed child support

DADS America is a group of fathers who care and are active in fighting the corruption of government involvement in our children's lives.

Note: this is the 2006 update to the 2005 Undistributed child support.

How many children have not gotten their money? How much money is being banked by the Child Support System? If you are not asking questions you should be. The plan administrators in each state are banking on the fact that you don't care. You should write your governor and ask them, "Where's the money going?" Why isn't it being distributed and why hasn't the amount gone down considerably in each state?

Dads America wants you to know that others are profiting off of your money. It has to be stopped. This information is brought to you by Victor Smith of DadsAmerica, someone who cares.
