Subject: **Proposed Budget concerning DSS Funded Child Development  
Centers**

My child, Jae'Ana Fisher is enrolled in the TVCCA Little  
Learners Early Education Program located in GROTON. I am writing to  
request that you restore state funded childcare money to DSS until such time as  
an Early Childhood Department is created or a transition plan established.

As a working parent, I am concerned that my child will no longer be eligible to  
receive a DSS Funded child care slot because

- My child is an infant or toddler, not old enough for preschool
- I cannot afford the full cost of care and want my child to have the best  
education possible so she/he will be ready for school and life.
