

**CONNECTICUT
CLEAN ENERGY FUND**

**Statement of the Connecticut Clean Energy Fund Regarding H.B. 6404 An Act
Concerning Technical Revisions to Various Energy Statutes.**

The Connecticut Clean Energy Fund thanks the Energy & Technology Committee for raising H.B. 6404 An Act Concerning Technical Revisions to Various Energy Statutes. Section 1 of the bill contains technical corrections to the name used in statute to describe the Connecticut Clean Energy Fund. CCEF was originally created as an advisory committee and some of this terminology remains in statute.

Section 2 of the bill makes a clarifying change to C.G.S. 16-245n by making it clear that the CCEF board is responsible for preparing the comprehensive plan.
