

Testimony In Support of Committee Bill No.1  
AN ACT CONCERNING CONNECTICUT'S ENERGY FUTURE

MARCH 15th, 2011

Joyce Acebo~Raguskus,  
Chair Diesel Cleanup, Environmental Concerns Coalition/Milford, CT

I submit testimony in support of SB No 1. Independent CEQ. Support DEEP joint energy and environment agency, however, the Council on Environment Quality should keep separate to effectively perform watchdog duties.

Connecticut energy efficient appliances should be updated spurring demand and create stability in Clean Energy industry and good Connecticut jobs.

PACE Financing for Connecticut will allow homeowners to install renewable energy or efficiency upgrades at lower cost.

Let's help Connecticut cleanup and install energy and efficient products and stimulate the job market's energy future.

Thank you for all that you do.
