The Connecticut Association of Not-for-profit Providers for the Aging (CANPFA). CANPFA is a membership organization representing over 130 mission-driven and not-for-profit provider organizations serving elderly and disabled individuals across the continuum of long term care including elderly housing for the elderly. On behalf of CANPFA, I would like to submit the following links to background information on the role of affordable senior housing and services models in helping low and modest income older adults to “age in place” safely and cost effectively in their apartments and communities. This information is supplemental to our testimony in support of Senate Bill 1008, An Act Authorizing Bonds of the State for Capital Improvements and Other Purposes.
