Dear Representative Fox,

I am writing today regarding SB 1094 – “An act banning large capacity ammunition magazines.”

I feel Connecticut’s gun laws are already very fair and strike an excellent compromise between public safety and allowing citizens to exercise their 2<sup>nd</sup> amendment rights. I believe this proposed act goes a little too far and has the potential to make many good, law abiding folks felons for merely possessing the magazines that come with many popular firearms.

I’m sure you’ve already heard extensive arguments from people lobbying for both sides, but I just wanted you hear from one of your constituents on the matter.

I would ask instead that you work on addressing the financial problems facing the State.

Thank you for your time,

Brian Malin
