Subject: S.B. No. 1094 (An Act Banning Large Capacity Ammunition Magazines)

Mr. Smith

The purpose of this communication is to request that you OPPOSE S.B. No 1094. Please let it expire, and move on to other more pressing issues. Below are some additional comments I have on this bill:

- This bill amounts to confiscation of property of which a large number of law abiding citizens in CT have legally purchased in good faith (investing a significant amount of money).
- Where does it stop? Next it's "ten rounds sure sounds like a lot of ammo for a magazine"... "perhaps they should only hold six"...and so on.
- The bill makes it a FELONY to own a high capacity magazine !?? This is just punitive and originates from individuals with no real experience with the lawful use of firearms...individuals who react negatively towards anything concerning guns.
- I absolutely OPPOSE S.B. No. 1094 considering it an unwanted, unnecessary, and unconstitutional act.

I must again ask that you not support this bill. Thank you for your attention on this matter.

Bruce G. Dawless
