General Assembly
Joint Judiciary Committee

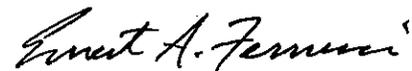

RE: SB 1094 An act banning large capacity
ammunition magazines

I firmly oppose this act or any version of it.

This Bill would serve only to punish and infringe on the 2nd Amendment rights of law abiding citizens and embolden those of criminal intent who do not respect the law.

Your efforts would be better served directed toward those of malicious intentions who have no regard for the sovereignty and safety of their victims.

Respectfully,

Ernest A. Ferrucci
