Subject: SB 1094 opposition.

Dear Mr Smith. Good Evening. My name is Jack Santo I have been a competitive shooter since 1974. The ban SB#1094, that will be heard tomorrow will be broadly detrimental to most shooters and will do nothing at all to curb violence or stop criminals. I do not want to be forced to turn in items that are deemed dangerous by those who do not know. Statistics have shown, that this mentality of banning and confiscation actually leads to a rise in crime rates. The harm stemming from this bill will be done to the group that follows the rules. The criminals are the ones who should be pursued. I strongly oppose this ban and would greatly appreciate you opposing it also.

I urge you at this time to support SB#1210. I Thank you.

Let me know your thoughts.

Sincerely

Jack Santo
