**Subject:** Support for bills

As a concealed weapon permit holder for the past 40 years, I am in support of the following bills.

SB 1210

SB 1094

SB 1096

Even though some of my constituents are opposed to restriction on high capacity magazines, I see no reason why any law abiding citizen needs a larger capacity than that proposed. The changing of magazines allow time for anyone in peril from a deranged shooter to either flee or apprehend. Larger magazines serve no one except the ones who should not be carrying.

I do support vigorously the defense of ones home. How is anyone supposed to have the time to determine if someone intends on harming the family or has to worry about whether they fend someone off when it is they who broke into a home with intent to commit a crime. I believe that once someone enters your home with the intent to rob loses their rights to be protected by the law.
