Carolyn Goodridge, Outreach Social Worker

CT Association of Foster and Adoptive Parents

2189 Silas Deane Highway

Rocky Hill, CT 06067

SB 844

Good Morning Representative Urban and honorable members of the Select Committee on Children

I am a social worker and legislative advocate for the CT Association of Foster and Adoptive Parents. Our nonprofit agency supports, trains and advocates for foster, adoptive and relative caregiver parents in the State. There are over 3000 foster families in the state.

I am here in support of Senate Bill 844, An Act Adopting a Foster Parent Bill of Rights.

This Bill of Rights asserts again the need for foster parents to be treated with respect and as trusted team members. While many of the items mentioned in this bill are already part of the Department of Children and Families policies and procedures, this bill brings the information into a single document. The requirement that the Bill of Rights be given to foster parents with each placement will further remind each DCF worker and each foster parent of the importance of these rights. Foster parents should not be frustrated in their attempts to obtain information about the children in their care, and they should be treated as full members of the treatment team. They must have the ability to ask questions without retaliation, and to get responses in a timely manner. They should be appreciated when they strongly advocate for the children in their care rather than feeling punished or disregarded. We hope that passage of this bill will bring greater self-esteem and satisfaction to our foster parents. Foster parents are always needed, and satisfied foster parents are the greatest recruitment source for new families.

According to the National Association of Foster Parents, at least sixteen other states have passed a foster parent bill of rights. This can ensure that foster parents are treated well and have the support services they need to nurture the children who are placed with them.

We urge passage of this bill to bring the respect and consideration that our foster families deserve.

Sincerely,

Carolyn Goodridge, Outreach Social Worker
