Re: HB-5460 An Act Concerning Captive Audience Meetings

Dean Committee Members,

I urge you to reject HB-5460, An Act Concerning Captive Audience Meetings, as a local business owner.

The bill that has been presented would restrict our ability to address all important aspects of our industry. An Owner needs to be able to openly communicate with their employees on relevant issues that would affect business.

Being forced not to talk about certain topics takes away our freedom of speech and puts added stress in a work environment. Open communication between management and employees is a must in any business.

In this economy bringing jobs to Connecticut is one of the most important topics, and yet the State is making it more difficult than ever for a business to run successfully. This bill stands as another cause for companies to move out of Connecticut, when they need to be moving into Connecticut.

Please reject this bill for all local business owners, and any future prospective businesses to Connecticut.
