Members of the Legislature's Labor and Public Employees Committee

Subject: Reject HB-5460 An Act Concerning Captive Audience Meetings

To All Committee Members:

Herb Holden Trucking, Inc. opposes subject bill on the grounds that this is a "free" country. Herb Holden Trucking, Inc. has the right to explain to our employees what is happening in our industry as well as being part of the community. Government wants to take "control of our lives". Leave us alone, our tax dollars are being used for useless proposals by committees.

Our industry needs help with the price of fuel. Why don't the government agencies worry about putting business out of business? We use over 7500 gallons of fuel weekly. We won't have to be concerned about labor, because there will not be any employees left if the fuel prices continue to escalate. Let's get serious about important items not frivolous concerns.

Very truly yours,

Herb Holden Trucking, Inc.
