Subject: Reject HB-5460 an Act Concerning Captive Audience Meetings

Warren Corporation has always taken pride in our ability to have open communication with our employees no matter what the subject matter is or was. Passage of HB-5460 would severely hinder this open communication and close doors that we would rather leave open and feel that our employees feel the same way.

We strongly urge you to reject this bill during these economic times. The last thing our employees need is to feel that we are keeping them in the dark. This is just another example of over-government. Govern what needs to be governed. What ever happened to freedom of speech?

Reject HB-5460!

Sincerely,

Lisa A. Cornish
