Subject: Reject HB-5460 An Act Concerning Captive Audience Meetings

As a business owner in Connecticut, I'm writing this letter to urge you to reject HB-5460. With the continuous changes in state and federal mandates as it applies to health care, we consider it a requirement for management to keep our employees informed on the constantly changing laws. Our meetings are mandatory in order to assure that our firm is providing the tools and information necessary for our employees to provide valuable and timely advice to our clients. Since most of the healthcare policies are usually tied to politics, HB-5460 would inhibit our firm from educating our employees on what has happened and the potential for future legislation based on political climates and events.

Again, I ask you to reject HB-5460.

Best regards,
