Subject: Reject HB-5460 An Act Concerning Captive Audience Meetings

Dear Members of the Legislature's Labor and Public Employees Committee,

HB-5460 is ludicrous. As a small business, we are constantly communicating with our employees. We have daily huddles, weekly staff meetings, town hall meetings, and quarterly meetings.

During the economic downturn, we have communicated even more. This bill would be harmful to our businesses and the entire business community. Employers should be able to discuss matters that affect their businesses, with their employees.

We provide economic updates, metrics reports, discuss legislative issues, and our philanthropy.

Please reject this bill.

Regards,

Scott Livingston
