

To whom it may concern,

My name is Gloria Teran, I writing regarding the Lupus awareness. Please pass the bill in CT, people need to be informed about lupus. .I wish my family and I were informed about Lupus disease earlier, so we could have helped my aunt deal with her disease. Also, I wished the doctors knew with my aunt had at the time and maybe my aunt would still be here with the rest of us. I am only 24 years old, I am not that old, but I feel so because we still are unaware of this disease. We do not have sufficient funds to find a cure either. Please do pass the bill, so we can safe lives in the future and no more families have to miss or dwell on their love ones.

Sincerely,
Gloria Teran
