AN ACT CONCERNING BROWNFIELD REMEDIATION AND DEVELOPMENT AS AN ECONOMIC DRIVER.

Be it enacted by the Senate and House of Representatives in General Assembly convened:

Section 1. Section 32-9cc of the general statutes is repealed and the following is substituted in lieu thereof (Effective July 1, 2011):

(a) There is established, within the Department of Economic and Community Development, an Office of Brownfield Remediation and Development. In addition to the other powers, duties and responsibilities provided for in this chapter, the office shall promote and encourage the development and redevelopment of brownfields in the state. For that purpose, the Commissioner of Economic and Community Development shall appoint a director who shall oversee all activities of the office and who shall report to the commissioner. The director shall coordinate and cooperate with state and local agencies and individuals within the state on brownfield redevelopment initiatives, including program development and administration, community outreach, regional coordination and seeking federal funding opportunities. The commissioner shall make available to the director appropriate staffing, technical and financial assistance and advisory services necessary to accomplish the duties of the office.

(b) The office shall:
(1) Develop procedures and policies for streamlining the process for brownfield remediation and development;

(2) Identify existing and potential sources of funding for brownfield remediation and develop procedures for expediting the application for and release of such funds;

(3) Establish an office and maintain an informational Internet website to provide assistance and information concerning the state's technical assistance, funding, regulatory and permitting programs;

(4) Provide a single point of contact for financial and technical assistance from the state and quasi-public agencies;

(5) Develop a common application to be used by all state and quasi-public entities providing financial assistance for brownfield assessment, remediation and development; and

(6) Identify and prioritize state-wide brownfield development opportunities; and

(7) Develop and execute a communication and outreach program to educate municipalities, economic development agencies, property owners and potential property owners and other organizations and individuals with regard to state [policies and procedures] programs for brownfield remediation and redevelopment.

c) Subject to the availability of funds, there shall be a state-funded [pilot] municipal brownfield grant program to identify brownfield remediation economic opportunities in [five] Connecticut municipalities. For each round of funding, the Commissioner of Economic and Community Development may select at least six municipalities, one of which shall have a population of less than fifty thousand, one of which shall have a population of more than fifty thousand but less than one hundred thousand, two of which shall have populations of more than one hundred thousand and [one] two of which shall be selected without regard to population. The
Commissioner of Economic and Community Development shall designate [five pilot] municipalities in which untreated brownfields hinder economic development and shall make grants under such [pilot] program to these municipalities or economic development agencies associated with each of the [five] selected municipalities that are likely to produce significant economic development benefit for the designated municipality.

(d) The Department of Environmental Protection, the Connecticut Development Authority, the Office of Policy and Management and the Department of Public Health shall each designate one or more staff members to act as a liaison between their offices and the Office of Brownfield Remediation and Development. The Commissioners of Economic and Community Development, Environmental Protection and Public Health, the Secretary of the Office of Policy and Management and the executive director of the Connecticut Development Authority shall enter into a memorandum of understanding concerning each entity's responsibilities with respect to the Office of Brownfield Remediation and Development. The Office of Brownfield Remediation and Development may [develop and] recruit two volunteers from the private sector, including a person from the Connecticut chapter of the National Brownfield Association, with experience in different aspects of brownfield remediation and development. Said volunteers may assist the Office of Brownfield Remediation and Development in [achieving the goals of this section] marketing the brownfields programs and activities of the state.

(e) The Office of Brownfield Remediation and Development may call upon any other department, board, commission or other agency of the state to supply such reports, information and assistance as said office determines is appropriate to carry out its duties and responsibilities. Each officer or employee of such office, department, board, commission or other agency of the state is authorized and directed to cooperate with the Office of Brownfield Remediation and Development and to furnish such reports, information and assistance.
(f) Brownfield sites identified for funding under the [pilot] grant program established in subsection (c) of this section shall receive priority review status from the Department of Environmental Protection. Each property funded under this program shall be investigated in accordance with prevailing standards and guidelines and remediated in accordance with the regulations established for the remediation of such sites adopted by the Commissioner of Environmental Protection or pursuant to section 22a-133k, as amended by this act, and under the supervision of the department or a licensed environmental professional in accordance with the voluntary remediation program established in section 22a-133x. In either event, the department shall determine that remediation of the property has been fully implemented or that an audit will not be conducted upon submission of a report indicating that remediation has been verified by an environmental professional licensed in accordance with section 22a-133v. Not later than ninety days after submission of the verification report, the Commissioner of Environmental Protection shall notify the municipality or economic development agency as to whether the remediation has been performed and completed in accordance with the remediation standards, whether an audit will not be conducted, or whether any additional remediation is warranted. For purposes of acknowledging that the remediation is complete, the commissioner or a licensed environmental professional may indicate that all actions to remediate any pollution caused by any release have been taken in accordance with the remediation standards and that no further remediation is necessary to achieve compliance except postremediation monitoring [\_] or natural attenuation monitoring, [or the recording of an environmental land use restriction.]

(g) All relevant terms in this subsection, subsection (h) of this section [\_] and sections 32-9dd to 32-9ff, inclusive, as amended by this act, [and section 11 of public act 06-184] shall be defined in accordance with the definitions in chapter 445. For purposes of subdivision (12) of subsection (a) of section 32-9t, this subsection, subsection (h) of this section [\_] and sections 32-9dd to 32-9gg, inclusive, [and section 11 of
"brownfields" means any abandoned or underutilized site where redevelopment and reuse has not occurred due to or expansion may be complicated by the presence of pollution in the buildings, soil or groundwater that requires investigation or remediation prior to before or in conjunction with the restoration, redevelopment or reuse or expansion of the property.

(h) The Departments of Economic and Community Development and Environmental Protection shall administer the provisions of subdivision (1) of section 22a-134, as amended by this act, section 32-1m, subdivision (12) of subsection (a) of section 32-9t, and sections 32-9cc to 32-9gg, inclusive, as amended by this act, and section 11 of public act 06-184] within available appropriations and any funds allocated pursuant to sections 4-66c, 22a-133t and 32-9t.

Sec. 2. Section 32-9ee of the general statutes is repealed and the following is substituted in lieu thereof (Effective July 1, 2011):

(a) Any municipality, economic development agency or entity established under chapter 130 or 132, nonprofit economic development corporation formed to promote the common good, general welfare and economic development of a municipality that is funded, either directly or through in-kind services, in part by a municipality, or a nonstock corporation or limited liability company controlled or established by a municipality, municipal economic development agency or entity created or operating under chapter 130 or 132 that receives grants through the Office of Brownfield Remediation and Development or the Department of Economic and Community Development, including those municipalities designated by the Commissioner of Economic and Community Development as part of the [pilot] municipal brownfield grant program established in subsection (c) of section 32-9cc, as amended by this act, for the investigation and remediation of a brownfield property shall be considered an innocent party and shall not be liable under section 22a-432, 22a-433, 22a-451 or 22a-452 for conditions pre-existing or existing on the brownfield property as of the date of acquisition or control as long as the municipality, economic
development agency or entity established under chapter 130 or 132, nonprofit economic development corporation formed to promote the common good, general welfare and economic development of a municipality that is funded, either directly or through in-kind services, in part by a municipality, or a nonstock corporation or limited liability company controlled or established by a municipality, municipal economic development agency or entity created or operating under chapter 130 or 132 did not establish, cause or contribute to the discharge, spillage, uncontrolled loss, seepage or filtration of such hazardous substance, material, waste or pollution that is subject to remediation under section 22a-133k, as amended by this act, and funded by the Office of Brownfield Remediation and Development or the Department of Economic and Community Development; does not exacerbate the conditions; and complies with reporting of significant environmental hazard requirements in section 22a-6u. To the extent that any conditions are exacerbated, the municipality, economic development agency or entity established under chapter 130 or 132, nonprofit economic development corporation formed to promote the common good, general welfare and economic development of a municipality that is funded, either directly or through in-kind services, in part by a municipality, or nonstock corporation or limited liability company controlled or established by a municipality, municipal economic development agency or entity created or operating under chapter 130 or 132 shall only be responsible for responding to contamination exacerbated by its negligent or reckless activities.

(b) In determining what funds shall be made available for an eligible brownfield remediation, the Commissioner of Economic and Community Development shall consider (1) the economic development opportunities such reuse and redevelopment may provide, (2) the feasibility of the project, (3) the environmental and public health benefits of the project, and (4) the contribution of the reuse and redevelopment to the municipality’s tax base.

(c) No person shall acquire title to or hold, possess or maintain any interest in a property that has been remediated in accordance with the
Sec. 3. Section 32-9ff of the general statutes is repealed and the following is substituted in lieu thereof (Effective July 1, 2011):

(a) There is established an account to be known as the "Connecticut brownfields remediation account" which shall be a separate, nonlapsing account within the General Fund. The account shall contain any moneys required by law to be deposited in the account and shall be held separate and apart from other moneys, funds and accounts. Investment earnings credited to the account shall become part of the assets of the account. Any balance remaining in the account at the end of any fiscal year shall be carried forward in the account for the next fiscal year.

(b) The Office of Brownfield Remediation and Development, established in subsections (a) to (f), inclusive, of section 32-9cc, as amended by this act, may use amounts in the account established pursuant to subsection (a) of this section to fund remediation and restoration of brownfield sites as part of the [pilot] municipal brownfield grant program established in subsection (c) of section 32-9cc, as amended by this act.
Sec. 4. Section 22a-134a of the general statutes is amended by adding subsection (n) as follows (Effective from passage):

(NEW) (n) Notwithstanding any other provision of this section, the execution of a Form III or a Form IV shall not require a certifying party to investigate or remediate any release or potential release of pollution at the parcel that occurs from and after the date of the transfer of establishment for which such Form III or Form IV was signed or from and after the date such Form III or Form IV was filed with the commissioner, whichever is later.

Sec. 5. Section 22a-133k of the general statutes is amended by adding subsection (c) as follows (Effective from passage):

(NEW) (c) The commissioner shall review and recommend revisions to the standards for the remediation of environmental pollution at hazardous waste disposal sites and other properties which have been subject to a spill, as defined in section 22a-452c, as have been adopted pursuant to subsection (a) of this section three years after the effective date of this section. Every five years thereafter, the commissioner shall hold a public hearing on the adequacy of such standards and shall revise such standards as may be deemed necessary to ensure that the regulations shall fully protect health, public welfare and the environment, with due consideration of the impact of such standards on brownfield remediation and redevelopment and the remediation of other contaminated properties in the state, the feasibility of such regulations, and the consistency of such regulations with the best scientifically available information and the standards and methods adopted by the federal government.

Sec. 6. Section 22a-426 of the general statutes, as amended by section 9 of public act 10-158, is amended by adding subsections (d) to (g), inclusive, as follows (Effective from passage):

(NEW) (d) The state's water quality standards, including the surface and ground water classifications, in effect on February 28, 2011, shall remain in full force and effect, unless modified in accordance with
subsections (a), (e), (f) and (g) of this section. On or after March 1, 2011, the commissioner may reclassify surface or ground waters within the state in accordance with the procedures specified in subsections (e), (f) and (g) of this section.

(NEW) (e) Notwithstanding the provisions of subsection (a) of this section and chapter 54, the following procedures shall apply to any surface or ground water reclassification initiated by the commissioner: (1) The commissioner shall hold a public hearing in accordance with subdivision (3) of subsection (f) of this section. Such public hearing shall not be considered a contested case pursuant to chapter 54; (2) notice of such hearing specifying the surface or ground waters for which reclassification is proposed and the time, date and place of such hearing and how members of the public may obtain additional information regarding such reclassification shall be published once in a newspaper having a substantial circulation in the affected area at least thirty days before such hearing; and (3) notice of the time, date and place of such hearing shall also be provided to municipal officials. Following the public hearing, the commissioner shall provide notice of the reclassification decision in the Connecticut Law Journal and to the chief elected official and the director of health of each municipality in which the water affected by such reclassification is located.

(NEW) (f) Notwithstanding the provisions of subsection (a) of this section and chapter 54, the following procedures shall apply to any surface or groundwater reclassification requested by a person other than the commissioner: (1) Any person seeking a reclassification shall apply to the commissioner on forms prescribed by the commissioner and shall provide the information required by such forms; (2) at least thirty days before the hearing specified in subdivision (3) of this subsection, the commissioner shall publish or cause to be published, at the expense of the person seeking a reclassification, once in a newspaper having a substantial circulation in the affected area (A) the name of the person seeking a reclassification, (B) an identification of the surface or ground waters affected by such reclassification, (C) notice of the commissioner's tentative determination regarding such
reclassification, (D) how members of the public may obtain additional information regarding such reclassification, and (E) the time, date and place of a public hearing regarding such reclassification. Any such notice shall also be given by certified mail to the chief executive officer of each municipality in which the water affected by such reclassification is located, with a copy to the director of health of each municipality, at least thirty days before the hearing; (3) the commissioner shall conduct a public hearing regarding any tentative determination to reclassify surface or ground waters. The public hearing shall be conducted in a manner which affords all interested persons reasonable opportunity to provide oral or written comments and the commissioner shall maintain a recording of the hearing; and (4) following the public hearing, the commissioner shall provide notice of the reclassification decision in the Connecticut Law Journal and to the chief elected official and the director of health of each municipality in which the water affected by such reclassification is located.

(NEW) (g) Any decision by the commissioner to reclassify surface or ground water shall be consistent with the state's water quality standards and the commissioner shall comply with all applicable federal requirements regarding reclassification of surface water.

Sec. 7. (Effective from passage) Not later than seven days after the effective date of this section, within available resources, the Commissioner of Environmental Protection shall commence a comprehensive evaluation of the property remediation programs and the provisions of the general statutes that affect property remediation. Not later than February 1, 2012, the commissioner shall issue a comprehensive report, in accordance with section 11-4a of the general statutes, to the Governor and to the joint standing committees of the General Assembly having cognizance of matters relating to the environment and commerce. The evaluation shall include (1) factors that influence the length of time to complete investigation and remediation under existing programs; (2) the number of properties that have entered into each property remediation program, the rate by which properties enter and the number of properties that have
completed the requirements of each property remediation program; (3) the use of licensed environmental professionals in expediting property remediation; (4) audits of verifications rendered by licensed environmental professionals; (5) the programs provided for in chapters 445 and 446k of the general statutes that provide liability relief for potential and existing property owners; (6) a comparison of existing programs to states with a single remediation program; (7) the use by the commissioner of resources when adopting regulations such as studies published by other federal and state agencies, the Connecticut Academy of Science and Engineering or other such research organization and university studies; and (8) recommendations that will address issues identified in the report or improvements that may be necessary for a more streamlined or efficient remediation process.

Sec. 8. Subdivision (1) of subsection (a) of section 32-9kk of the general statutes is repealed and the following is substituted in lieu thereof (Effective July 1, 2011):

(1) "Brownfield" means any abandoned or underutilized site where redevelopment, [and reuse has not occurred due to] reuse or expansion may be complicated by the presence or potential presence of pollution in the buildings, soil or groundwater that requires investigation or remediation before or in conjunction with the restoration, redevelopment and reuse of the property;

Sec. 9. Section 22a-6 of the general statutes is amended by adding subsections (i) and (j) as follows (Effective from passage):

(NEW) (i) Notwithstanding the provisions of subsection (a) of this section, no person shall be required to pay any fee established by the commissioner pursuant to section 22a-133x, 22a-133aa, as amended by this act, 22a-134a, as amended by this act, or 22a-134e for any new or pending application, provided such person has received financial assistance from any department, institution, agency or authority of the state for the purpose of investigation or remediation, or both, of a brownfield site, as defined in section 32-9kk, as amended by this act,
and such activity would otherwise require a fee to be paid to the commissioner for the activity conducted with such financial assistance.

(NEW) (j) Notwithstanding the provisions of subsection (a) of this section, no department, institution, agency or authority of the state or the state system of higher education shall be required to pay any fee established by the commissioner pursuant to section 22a-133x, 22a-133aa, as amended by this act, 22a-134a, as amended by this act, or 22a-134e for any new or pending application, provided such division of the state is conducting an investigation or remediation, or both, of a brownfield site, as defined in section 32-9kk, as amended by this act, and siting a state facility on such brownfield site.

Sec. 10. Section 32-9ll of the general statutes is repealed and the following is substituted in lieu thereof (Effective July 1, 2011):

(a) There is established an abandoned brownfield cleanup program. The Commissioner of Economic and Community Development shall determine, in consultation with the Commissioner of Environmental Protection, properties and persons eligible for said program.

(b) For a person, [and] a municipality or a property to be eligible, the Commissioner of Economic and Community Development shall determine if (1) the property is a brownfield, as defined in section 32-9kk, as amended by this act, and such property has been unused or significantly underused [since October 1, 1999] for at least five years before an application filed with the commissioner pursuant to subsection (g) of this section; (2) such person or municipality intends to acquire title to such property for the purpose of redeveloping such property; (3) the redevelopment of such property has a regional or municipal economic development benefit; (4) such person or municipality did not establish or create a facility or condition at or on such property that can reasonably be expected to create a source of pollution to the waters of the state for the purposes of section 22a-432 and is not affiliated with any person responsible for such pollution or source of pollution through any direct or indirect familial relationship
or any contractual, corporate or financial relationship other than a relationship by which such owner's interest in such property is to be conveyed or financed; (5) such person or municipality is not otherwise required by law, an order or consent order issued by the Commissioner of Environmental Protection or a stipulated judgment to remediate pollution on or emanating from such property; (6) the person responsible for pollution on or emanating from the property is indeterminable, is no longer in existence, is required by law to remediate releases on and emanating from the property or is otherwise unable to perform necessary remediation of such property; and (7) the property and the person meet any other criteria said commissioner deems necessary.

(c) For the purposes of this section, "municipality" means a municipality, economic development agency or entity established under chapter 130 or 132, nonprofit economic development corporation formed to promote the common good, general welfare and economic development of a municipality that is funded, either directly or through in-kind services, in part by a municipality, or a nonstock corporation or limited liability company controlled or established by a municipality, municipal economic development agency or entity created or operating under chapter 130 or 132.

(d) Notwithstanding the provisions of subsection (b) of this section, a property owned by a municipality shall not be subject to subdivision (6) of subsection (b) of this section.

(e) Notwithstanding the provisions of subsection (b) of this section, a municipality may request the Commissioner of Economic and Community Development to determine if a property is eligible regardless of the person who currently owns such property.

(f) Upon designation by the Commissioner of Economic and Community Development of an eligible person or municipality that holds title to such property, such eligible person or municipality shall (1) enter and remain in the voluntary remediation program.
established in section 22a-133x, provided such person will not be a certifying party for the property pursuant to section 22a-134, as amended by this act, when acquiring such property; (2) investigate pollution on such property in accordance with prevailing standards and guidelines and remediate pollution on such property in accordance with regulations established for remediation adopted by the Commissioner of Environmental Protection and in accordance with applicable schedules; and (3) eliminate further emanation or migration of any pollution from such property. An eligible person who has been accepted by the commissioner or who holds title to an eligible property designated to be in the abandoned [brownfields] brownfield cleanup program shall not be responsible for investigating or remediating any pollution or source of pollution that has emanated from such property prior to such person taking title to such property.

[(c)] (g) Any applicant seeking a designation of eligibility for a person or a property under the abandoned brownfields cleanup program shall apply to the Commissioner of Economic and Community Development at such times and on such forms as the commissioner may prescribe.

[(d)] (h) Not later than sixty days after receipt of the application, the Commissioner of Economic and Community Development shall determine if the application is complete and shall notify the applicant of such determination.

[(e)] (i) Not later than ninety days after determining that the application is complete, the Commissioner of Economic and Community Development shall determine whether to include the property and applicant in the abandoned brownfields cleanup program.

[(f)] (j) Designation of a property in the abandoned [brownfields] brownfield cleanup program by the Commissioner of Economic and Community Development shall not limit the applicant's or any other person's ability to seek funding for such property under any other
brownfield grant or loan program administered by the Department of Economic and Community Development, the Connecticut Development Authority or the Department of Environmental Protection.

(k) Designation of a property in the abandoned brownfield cleanup program by the Commissioner of Economic and Community Development shall exempt such eligible person or eligible municipality from filing as an establishment pursuant to sections 22a-134a to 22a-134d, inclusive, as amended by this act, if such real property or prior business operations constitute an establishment.

(l) Upon completion of the requirements of subsection (e) of this section to the satisfaction of the Commissioner of Environmental Protection, such person or municipality shall qualify for a covenant not to sue from the Commissioner of Environmental Protection without fee, pursuant to section 22a-133aa, as amended by this act.

(m) Any person or municipality designated as an eligible person under the abandoned brownfield cleanup program shall be considered an innocent party and shall not be liable to the Commissioner of Environmental Protection or any person under section 22a-432, 22a-433, 22a-451 or 22a-452 or other similar statute or common law for conditions preexisting or existing on the brownfield property as of the date of acquisition or control as long as the person or municipality (1) did not establish, cause or contribute to the discharge, spillage, uncontrolled loss, seepage or filtration of such hazardous substance, material, waste or pollution; (2) does not exacerbate the conditions; and (3) complies with reporting of significant environmental hazard requirements in section 22a-6u. To the extent that any conditions are exacerbated, the person or municipality shall only be responsible for responding to contamination exacerbated by its negligent or reckless activities.

Sec. 11. Subdivision (1) of section 22a-134 of the general statutes is repealed and the following is substituted in lieu thereof (Effective from
(1) "Transfer of establishment" means any transaction or proceeding through which an establishment undergoes a change in ownership, but does not mean:

(A) Conveyance or extinguishment of an easement;

(B) Conveyance of an establishment through a foreclosure, as defined in subsection (b) of section 22a-452f, foreclosure of a municipal tax lien or through a tax warrant sale pursuant to section 12-157, an exercise of eminent domain pursuant to section 8-128, 8-169e or 8-193 or by condemnation pursuant to section 32-224 or purchase pursuant to a resolution by the legislative body of a municipality authorizing the acquisition through eminent domain for establishments that also meet the definition of a brownfield as defined in section 32-9kk or a subsequent transfer by such municipality that has foreclosed on the property, foreclosed municipal tax liens or that has acquired title to the property through section 12-157, or is within the pilot program established in subsection (c) of section 32-9cc, or has acquired such property through the exercise of eminent domain pursuant to section 8-128, 8-169e or 8-193 or by condemnation pursuant to section 32-224 or a resolution adopted in accordance with this subparagraph, provided (i) the party acquiring the property from the municipality did not establish, create or contribute to the contamination at the establishment and is not affiliated with any person who established, created or contributed to such contamination or with any person who is or was an owner or certifying party for the establishment, and (ii) on or before the date the party acquires the property from the municipality, such party or municipality enters and subsequently remains in the voluntary remediation program administered by the commissioner pursuant to section 22a-133x and remains in compliance with schedules and approvals issued by the commissioner. For purposes of this subparagraph, subsequent transfer by a municipality includes any transfer to, from or between a municipality, municipal economic development agency or entity created or operating under
chapter 130 or 132, a nonprofit economic development corporation formed to promote the common good, general welfare and economic development of a municipality that is funded, either directly or through in-kind services, in part by a municipality, or a nonstock corporation or limited liability company controlled or established by a municipality, municipal economic development agency or entity created or operating under chapter 130 or 132;

(C) Conveyance of a deed in lieu of foreclosure to a lender, as defined in and that qualifies for the secured lender exemption pursuant to subsection (b) of section 22a-452f;

(D) Conveyance of a security interest, as defined in subdivision (7) of subsection (b) of section 22a-452f;

(E) Termination of a lease and conveyance, assignment or execution of a lease for a period less than ninety-nine years including conveyance, assignment or execution of a lease with options or similar terms that will extend the period of the leasehold to ninety-nine years, or from the commencement of the leasehold, ninety-nine years, including conveyance, assignment or execution of a lease with options or similar terms that will extend the period of the leasehold to ninety-nine years, or from the commencement of the leasehold;

(F) Any change in ownership approved by the Probate Court;

(G) Devolution of title to a surviving joint tenant, or to a trustee, executor or administrator under the terms of a testamentary trust or will, or by intestate succession;

(H) Corporate reorganization not substantially affecting the ownership of the establishment;

(I) The issuance of stock or other securities of an entity which owns or operates an establishment;

(J) The transfer of stock, securities or other ownership interests representing less than forty per cent of the ownership of the entity that
owns or operates the establishment;

(K) Any conveyance of an interest in an establishment where the transferor is the sibling, spouse, child, parent, grandparent, child of a sibling or sibling of a parent of the transferee;

(L) Conveyance of an interest in an establishment to a trustee of an inter vivos trust created by the transferor solely for the benefit of one or more siblings, spouses, children, parents, grandchildren, children of a sibling or siblings of a parent of the transferor;

(M) Any conveyance of a portion of a parcel upon which portion no establishment is or has been located and upon which there has not occurred a discharge, spillage, uncontrolled loss, seepage or filtration of hazardous waste, provided either the area of such portion is not greater than fifty per cent of the area of such parcel or written notice of such proposed conveyance and an environmental condition assessment form for such parcel is provided to the commissioner sixty days prior to such conveyance;

(N) Conveyance of a service station, as defined in subdivision (5) of this section;

(O) Any conveyance of an establishment which, prior to July 1, 1997, had been developed solely for residential use and such use has not changed;

(P) Any conveyance of an establishment to any entity created or operating under chapter 130 or 132, or to an urban rehabilitation agency, as defined in section 8-292, or to a municipality under section 32-224, or to the Connecticut Development Authority or any subsidiary of the authority;

(Q) Any conveyance of a parcel in connection with the acquisition of properties to effectuate the development of the overall project, as defined in section 32-651;

(R) The conversion of a general or limited partnership to a limited
liability company under section 34-199;

(S) The transfer of general partnership property held in the names of all of its general partners to a general partnership which includes as general partners immediately after the transfer all of the same persons as were general partners immediately prior to the transfer;

(T) The transfer of general partnership property held in the names of all of its general partners to a limited liability company which includes as members immediately after the transfer all of the same persons as were general partners immediately prior to the transfer;

(U) Acquisition of an establishment by any governmental or quasi-governmental condemning authority;

(V) Conveyance of any real property or business operation that would qualify as an establishment solely as a result of (i) the generation of more than one hundred kilograms of universal waste in a calendar month, (ii) the storage, handling or transportation of universal waste generated at a different location, or (iii) activities undertaken at a universal waste transfer facility, provided any such real property or business operation does not otherwise qualify as an establishment; there has been no discharge, spillage, uncontrolled loss, seepage or filtration of a universal waste or a constituent of universal waste that is a hazardous substance at or from such real property or business operation; and universal waste is not also recycled, treated, except for treatment of a universal waste pursuant to 40 CFR 273.13(a)(2) or (c)(2) or 40 CFR 273.33 (a)(2) or (c)(2), or disposed of at such real property or business operation; [or]

(W) Conveyance of a unit in a residential common interest community in accordance with section 22a-134i;

(X) Acquisition of an establishment that is in the abandoned brownfield cleanup program established pursuant to section 32-9ll, as amended by this act, and all subsequent transfers of the establishment, provided the establishment is undergoing remediation or is...
remediated in accordance with subsection (f) of said section 32-9ll; or

(Y) Any transfer of title from a bankruptcy court or a municipality

to a nonprofit organization.

Sec. 12. Section 22a-133aa of the general statutes is amended by
adding subsection (g) as follows (Effective from passage):

(NEW) (g) Any prospective purchaser or municipality remediating
property pursuant to the abandoned brownfield cleanup program
established pursuant to section 32-9ll, as amended by this act, shall
qualify for a covenant not to sue from the Commissioner of
Environmental Protection without fee. Such covenant not to sue shall
be transferable to subsequent owners provided the establishment is
undergoing remediation or is remediated in accordance with
subsection (f) of said section 32-9ll.

Sec. 13. Section 22a-133o of the general statutes is repealed and the
following is substituted in lieu thereof (Effective from passage):

(a) An owner of land may execute and record an environmental use
restriction under sections 22a-133n to 22a-133r, inclusive, on the land
records of the municipality in which such land is located if (1) the
commissioner has adopted standards for the remediation of
contaminated land pursuant to section 22a-133k, as amended by this
act, and adopted regulations pursuant to section 22a-133q, as amended
by this act, (2) the commissioner, or in the case of land for which
remedial action was supervised under section 22a-133y, a licensed
environmental professional, determines, as evidenced by his signature
on such restriction, that it is consistent with the purposes and
requirements of sections 22a-133n to 22a-133r, inclusive, as amended
by this act, and of such standards and regulations, and (3) such
restriction will effectively protect public health and the environment
from the hazards of pollution. An environmental use restriction may
be in the form of either an environmental land use restriction in
accordance with subsection (b) of this section or a notice of activity and
use limitation in accordance with subsection (c) of this section.
(b) (1) No owner of land may record an environmental land use restriction on the land records of the municipality in which such land is located unless he simultaneously records documents which demonstrate that each person holding an interest in such land or any part thereof, including without limitation each mortgagee, lessee, lienor and encumbrancer, irrevocably subordinates such interest to the environmental land use restriction provided the commissioner may waive such requirement if he finds that the interest in such land is so minor as to be unaffected by the environmental land use restriction. An environmental land use restriction shall run with land, shall bind the owner of the land and his successors and assigns, and shall be enforceable notwithstanding lack of privity of estate or contract or benefit to particular land.

[(c) Within] (2) Not later than seven days [of] after executing an environmental land use restriction and receiving thereon the signature of the commissioner or licensed environmental professional, as the case may be, the owner of the land involved therein shall record such restriction and documents required under [subsection (b) of this section] subdivision (1) of this subsection on the land records of the municipality in which such land is located and shall submit to the commissioner a certificate of title certifying that each interest in such land or any part thereof is irrevocably subordinated to the environmental land use restriction in accordance with [said subsection (b)] subdivision (1) of this subsection.

[(d)] (3) An owner of land with respect to which an environmental land use restriction applies may be released, wholly or in part, from the limitations of such restriction only with the commissioner's written approval which shall be consistent with the regulations adopted pursuant to section 22a-133q, as amended by this act, and shall be recorded on the land records of the municipality in which such land is located provided the commissioner may waive the requirement to record such release if he finds that the activity which is the subject of such release does not affect the overall purpose for which the environmental land use restriction was implemented and does not
alter the size of the area subject to the environmental land use
restriction. The commissioner shall not approve any such release
unless the owner demonstrates that he has remediated the land, or
such portion thereof as would be affected by the release, in accordance
with the standards established pursuant to section 22a-133k, as
amended by this act.

[(e)] (4) An environmental land use restriction shall survive
foreclosure of a mortgage, lien or other encumbrance.

(c) (1) A notice of activity and use limitation may only be used and
recorded for releases remediated in accordance with the regulations
adopted pursuant to sections 22a-133k and 22a-133q, as amended by
this act, for the following purposes:

(A) To achieve compliance with industrial or commercial direct
exposure criteria, groundwater volatilization criteria, and soil vapor
criteria set forth in regulations adopted pursuant to section 22a-133k,
as amended by this act, by preventing residential activity and use of
the area affected by the notice of activity and use limitation, provided
the property is both zoned for industrial or commercial activity and
not currently used for any residential activity, as such activities are
defined to exclude residential activity in regulations adopted pursuant
to section 22a-133k, as amended by this act;

(B) To prevent disturbance of polluted soil that exceeds the
applicable direct exposure criteria but is inaccessible, in compliance
with the provisions of regulations adopted pursuant to section 22a-
133k, as amended by this act, provided pollutant concentrations in
such inaccessible soil do not exceed ten times the applicable direct
exposure criteria;

(C) To prevent disturbance of an engineered control to the extent
such engineered control is for the sole remedial purpose of eliminating
exposure to polluted soil that exceeds the direct exposure criteria,
provided pollutant concentrations in such soil do not exceed ten times
the applicable direct exposure criteria;
(D) To prevent demolition of a building or permanent structure that renders polluted soil environmentally isolated, provided either: (i) The pollutant concentrations in the environmentally isolated soil do not exceed ten times the applicable direct exposure criteria and the applicable pollutant mobility criteria, or (ii) the total volume of soil that is environmentally isolated is less than or equal to ten cubic yards; or

(E) Any other purpose the commissioner may prescribe by regulation.

(2) No owner shall record a notice of activity and use limitation on the land records of the municipality in which such land is located unless the owner provides written notice to each person holding an interest in such land or any part thereof, including, without limitation, each mortgagee, lessee, lienor and encumbrancer, not later than sixty days before the recording of such notice. Such notice of the proposed notice of activity and use limitation shall be sent by certified mail, return receipt requested, and shall include notice of the existence and location of pollution within such area and the terms of such proposed notice of activity and use limitation. Such sixty-day-notice period may be waived upon the written agreement of all interest holders.

(3) A notice of activity and use limitation recorded pursuant to this subsection shall be implemented and adhered to by the owner that records such notice and the owner's successors, assigns, grantees or transferees, including those persons receiving from the owner a property interest or a license to use such property or conduct remediation on any portion of such property.

(4) A notice of activity and use limitation shall be deemed implemented and shall be in effect upon being duly recorded on the land records of the municipality in which such property is located.

(5) (A) A notice of activity and use limitation shall be prepared on a form as prescribed by the commissioner.
(B) A notice of activity and use limitation decision document, signed by the commissioner or signed and sealed by a licensed environmental professional, shall be referenced in and recorded with the notice of activity and use limitation, and shall specify:

(i) Why the notice of activity and use limitation is appropriate to achieve and maintain compliance with the regulations adopted pursuant to section 22a-133k, as amended by this act;

(ii) Activities and uses that are inconsistent with maintaining compliance with such regulations;

(iii) Activities and uses to be permitted;

(iv) Obligations and conditions necessary to meet the objectives of the notice of activity and use limitation; and

(v) The nature and extent of pollution in the area that is the basis for the notice of activity and use limitation, including a listing of contaminants and concentrations for such contaminants, and the horizontal and vertical extent of such contaminants.

(6) Upon transfer of any interest in or a right to use property, or a portion of property, that is subject to a notice of activity and use limitation, the owner of such land, any lessee of such land, and any person who can subdivide or sublease the property, shall incorporate such notice either in full or by reference into all future deeds, easements, mortgages, leases, licenses, occupancy agreements or any other instrument of transfer.

Sec. 14. Section 22a-133p of the general statutes is repealed and the following is substituted in lieu thereof (Effective from passage):

(a) The Attorney General, at the request of the commissioner, shall institute a civil action in the superior court for the judicial district of Hartford or for the judicial district wherein the subject land is located for injunctive or other equitable relief to enforce an environmental use restriction or the provisions of sections 22a-134n to 22a-133q, inclusive,
as amended by this act, and regulations adopted thereunder or to recover a civil penalty pursuant to subsection (e) of this section.

(b) The commissioner may issue orders pursuant to sections 22a-6, as amended by this act, and 22a-7 to enforce an environmental use restriction or the provisions of sections 22a-134n to 22a-133q, inclusive, as amended by this act, and regulations adopted thereunder.

(c) In any administrative or civil proceeding instituted by the commissioner to enforce an environmental use restriction or the provisions of sections 22a-134n to 22a-133q, inclusive, as amended by this act, and regulations adopted thereunder, any other person may intervene as a matter of right.

(d) In any civil or administrative action to enforce an environmental use restriction or the provisions of sections 22a-134n to 22a-133q, inclusive, as amended by this act, and regulations adopted thereunder, the owner of the subject land, and any lessee thereof, shall be strictly liable for any violation of such restriction or the provisions of sections 22a-134n to 22a-133q, inclusive, as amended by this act, and regulations adopted thereunder and shall be jointly and severally liable for abating such violation.

(e) Any owner of land with respect to which an environmental use restriction applies, and any lessee of such land, who violates any provision of such restriction, fails to adhere to such restriction or violates the provisions of sections 22a-134n to 22a-133q, inclusive, as amended by this act, and regulations adopted thereunder shall be assessed a civil penalty under section 22a-438. The penalty provided in this subsection shall be in addition to any injunctive or other equitable relief.

Sec. 15. Section 22a-133q of the general statutes is repealed and the following is substituted in lieu thereof (Effective from passage):

The commissioner shall adopt regulations, in accordance with the provisions of chapter 54, to carry out the purposes of sections 22a-133n
to 22a-133r, inclusive, as amended by this act. Such regulations may include, but not be limited to, provisions regarding the form, contents, fees, financial surety, monitoring and reporting, filing procedure for, and release from, environmental use restrictions.

Sec. 16. Section 2 of public act 10-135 is repealed and the following is substituted in lieu thereof (Effective from passage):

(a) There is established a working group to examine the remediation and development of brownfields in this state, including, but not limited to, the remediation scheme for such properties, permitting issues and liability issues, including those set forth by sections 22a-14 to 22a-20, inclusive, of the general statutes.

(b) The working group shall consist of the following [eleven] thirteen members, each of whom shall have expertise related to brownfield redevelopment in environmental law, engineering, finance, development, consulting, insurance or another relevant field:

(1) [Two] Four appointed by the Governor;

(2) One appointed by the president pro tempore of the Senate;

(3) One appointed by the speaker of the House of Representatives;

(4) One appointed by the majority leader of the Senate;

(5) One appointed by the majority leader of the House of Representatives;

(6) One appointed by the minority leader of the Senate;

(7) One appointed by the minority leader of the House of Representatives;

(8) The Commissioner of Economic and Community Development or the commissioner's designee, who shall serve ex officio;

(9) The Commissioner of Environmental Protection or the
commissioner's designee, who shall serve ex officio; and

(10) The Secretary of the Office of Policy and Management or the secretary's designee, who shall serve ex officio.

(c) [All] Any member of the working group as of the effective date of this section shall continue to serve and all new appointments to the working group shall be made no later than thirty days after the effective date of this section. Any vacancy shall be filled by the appointing authority.

(d) The [working group shall select] Commissioners of Economic and Community Development and Environmental Protection shall serve as chairpersons of the working group. [from among the appointed members of the working group.] Such chairpersons shall schedule the first meeting of the working group, which shall be held no later than sixty days after the effective date of this section.

(e) On or before [January 15, 2011] February 15, 2012, the working group shall report, in accordance with the provisions of section 11-4a of the general statutes, on its findings and recommendations to the joint standing committee of the General Assembly having cognizance of matters relating to commerce.

Sec. 17. (NEW) (Effective July 1, 2011) (a) As used in this section:

(1) "Blight" means a pervasive condition in which property, whether or not used for its intended purpose, is in a state of dilapidation or decay, open to the elements, unable to provide shelter, or unable to serve the purpose for which it was constructed due to damage, dilapidation or decay.

(2) "Bona fide prospective purchaser" means a person that acquires ownership of a property after January 1, 2012, and establishes by a preponderance of the evidence that:

(A) All disposal of regulated substances at the property occurred before the person acquired the property;
(B) Such person made all appropriate inquiries, as set forth in 40 CFR Part 312, into the previous ownership and uses of the property in accordance with generally accepted good commercial and customary standards and practices, including, but not limited to, the standards and practices set forth in the ASTM Standard Practice for Environmental Site Assessments, Phase I Environmental Site Assessment Process, E1527-05. In the case of property in residential or other similar use at the time of purchase by a nongovernmental or noncommercial entity, a property inspection and title search that reveal no basis for further investigation shall be considered to satisfy the requirements of this subparagraph;

(C) Such person provides all legally required notices with respect to the discovery or release of any regulated substances at the property;

(D) Such person exercises appropriate care with respect to regulated substances found at the property by taking reasonable steps to (i) stop any continuing release, (ii) prevent any threatened future release, and (iii) prevent or limit human, environmental or natural resource exposure to any previously released regulated substance;

(E) Such person provides full cooperation, assistance and access to persons authorized to conduct response actions or natural resource restoration at the property, including, but not limited to, the cooperation and access necessary for the installation, integrity, operation and maintenance of any complete or partial response actions or natural resource restoration at the property;

(F) Such person complies with any land use restrictions established or relied on in connection with the response action at the property and does not impede the effectiveness or integrity of any institutional control employed at the property in connection with a response action; and

(G) Such person complies with any request for information from the Commissioner of Environmental Protection.
(3) "Brownfield" has the same meaning as provided in section 32-9kk of the general statutes, as amended by this act.

(4) "Brownfield investigation plan and remediation schedule" means a plan and schedule for investigation and a schedule for remediation of an eligible property under this section. Such investigation plan and remediation schedule shall include both interim status or other appropriate interim target dates and a date for project completion not later than five years after a licensed environmental professional submits such investigation plan and remediation schedule to the Commissioner of Environmental Protection, provided the Commissioner of Environmental Protection may extend such dates for good cause. The plan shall provide a schedule for activities including, but not limited to, completion of the investigation of the property in accordance with prevailing standards and guidelines, submittal of a complete investigation report, submittal of a detailed written plan for remediation, completion of remediation in accordance with standards adopted by said commissioner pursuant to section 22a-133k of the general statutes, as amended by this act, and submittal to said commissioner of a final remedial action report. Except as otherwise provided in this section, in any detailed written plan for remediation submitted under this section, the applicant shall only be required to investigate and remediate conditions existing within the property boundaries and shall not be required to investigate or remediate any pollution or contamination that exists outside of the property's boundaries, including any contamination that may exist or has migrated to sediments, rivers, streams or off site.

(5) "Contiguous property owner" means a person who owns real property contiguous to or otherwise similarly situated with respect to, and that is or may be contaminated by a release or threatened release of a regulated substance from, real property that is not owned by that person, provided:

(A) With respect to the property owned by such person, such person takes reasonable steps to (i) stop any continuing release of any
regulated substance released on or from the property, (ii) prevent any threatened future release of any regulated substance released on or from the property, and (iii) prevent or limit human, environmental or natural resource exposure to any regulated substance released on or from the property;

(B) Such person provides full cooperation, assistance and access to persons authorized to conduct response actions or natural resource restoration at the property from which there has been a release or threatened release, including, but not limited to, the cooperation and access necessary for the installation, integrity, operation and maintenance of any complete or partial response action or natural resource restoration at the property;

(C) Such person complies with any land use restrictions established or relied on in connection with the response action at the property and does not impede the effectiveness or integrity of any institutional control employed in connection with a response action;

(D) Such person complies with any request for information from the Commissioner of Environmental Protection; and

(E) Such person provides all legally required notices with respect to the discovery or release of any hazardous substances at the property.

(6) "Director" means the Director of the Office of Brownfield Remediation and Development.

(7) "Distressed municipality" has the same meaning as provided in section 32-9p of the general statutes.

(8) "Economic development agency" means a municipality, municipal economic development agency or entity created or operating under chapter 130 or 132 of the general statutes, nonprofit economic development corporation formed to promote the common good, general welfare and economic development of a municipality that is funded, either directly or through in-kind services, in part by a
municipality, or nonstock corporation or limited liability company
established or controlled by a municipality, municipal economic
development agency or entity created or operating under chapter 130
or 132 of the general statutes.

(9) "Innocent landowner" has the same meaning as provided in
section 22a-452d of the general statutes.

(10) "Interim verification" has the same meaning as provided in
section 22a-134 of the general statutes, as amended by this act.

(11) "Municipality" means any town, city or borough.

(12) "National priorities list" means the list of hazardous waste
disposal sites compiled by the United States Environmental Protection
Agency pursuant to 42 USC 9605.

(13) "Open space land" has the same meaning as provided in section
12-107b of the general statutes.

(14) "Person" means any individual, firm, partnership, association,
syndicate, company, trust, corporation, limited liability company,
municipality, economic development agency, agency or political or
administrative subdivision of the state and any other legal entity.

(15) "Principles of smart growth" means standards and objectives
that support and encourage smart growth when used to guide actions
and decisions, including, but not limited to, standards and criteria for
(A) integrated planning or investment that coordinates tax,
transportation, housing, environmental and economic development
policies at the state, regional and local level, (B) the reduction of
reliance on the property tax by municipalities by creating efficiencies
and coordination of services on the regional level while reducing
interlocal competition for grand list growth, (C) the redevelopment of
existing infrastructure and resources, including, but not limited to,
brownfields and historic places, (D) transportation choices that
provide alternatives to automobiles, including rail, public transit,
bikeways and walking, while reducing energy consumption, (E) the development or preservation of housing affordable to households of varying income in locations proximate to transportation or employment centers or locations compatible with smart growth, (F) concentrated, mixed-use, mixed income development proximate to transit nodes and civic, employment or cultural centers, and (G) the conservation and protection of natural resources by (i) preserving open space, water resources, farmland, environmentally sensitive areas and historic properties, and (ii) furthering energy efficiency.

(16) "Regulated substance" means any element, compound or material that, when added to air, water, soil or sediment, may alter the physical, chemical, biological or other characteristic of such air, water, soil or sediment.

(17) "Release" means any discharge, spillage, uncontrolled loss, seepage, filtration, leakage, injection, escape, dumping, pumping, pouring, emitting, emptying or disposal of a substance.

(18) "Smart growth" means economic, social and environmental development that (A) promotes, through financial and other incentives, economic competitiveness in the state while preserving natural resources, and (B) uses a collaborative approach to planning, decision-making and evaluation between and among all levels of government and the communities and the constituents they serve.

(19) "Transit-oriented development" has the same meaning as provided in section 13b-79o of the general statutes.

(20) "Verification" has the same meaning as provided in section 22a-134 of the general statutes, as amended by this act.

(b) The Office of Brownfield Remediation and Development shall establish a comprehensive brownfield remediation and revitalization program to provide certain liability protections to program participants. Not more than twenty properties a year shall be accepted into the program and a new property shall be added upon the
withdrawal of a property from the program or upon a notice of completion of remedy and no further action letter issued pursuant to this section. Participation in the program shall be by accepted application pursuant to subsection (c) of this section or by nomination pursuant to subsection (d) of this section and shall be based, at said office's discretion, on at least one of the following criteria: (1) The likely creation of jobs, including, but not limited to, those related to remediation, design, development and construction; (2) the projected increase to the municipal grand list; (3) the consistency of the property as remediated and developed with municipal or regional planning objectives; and (4) the development plan's support for and furtherance of principles of smart growth or transit-oriented development.

(c) The office shall accept applications for participation in the program established pursuant to subsection (b) of this section from any innocent landowner, bona fide prospective purchaser, municipality, economic development agency or contiguous property owner purchasing a brownfield, provided such applicant (1) did not establish, create or maintain a source of pollution to the waters of the state for purposes of section 22a-432 of the general statutes and is not responsible pursuant to any other provision of the general statutes for any pollution or source of pollution on the property; and (2) is not affiliated with any person responsible for such pollution or source of pollution through any direct or indirect familial relationship or any contractual, corporate or financial relationship other than that by which such purchaser's interest in such property is to be conveyed or financed.

(d) The office shall accept nominations for participation in the program established pursuant to subsection (b) of this section from a municipality or an economic development agency.

(e) (1) Any eligible person making application must demonstrate to the director that: (A) The property meets the definition of a brownfield, and (B) there has been a release at the property of a regulated substance in an amount that exceeds the remediation standard
regulations adopted by the Commissioner of Environmental Protection pursuant to section 22a-133k of the general statutes, as amended by this act.

(2) A property that is currently the subject of an enforcement action, including any consent order issued by the Department of Environmental Protection or the United States Environmental Protection Agency under any current Department of Environmental Protection or United States Environmental Protection Agency program or that is listed on the national priorities list shall not be eligible to participate in the comprehensive brownfield remediation and revitalization program.

(3) Properties otherwise eligible for the comprehensive brownfield remediation and revitalization program currently being investigated and remediated in accordance with the state voluntary remediation programs under sections 22a-133x and 22a-133y of the general statutes and the covenant not to sue programs under section 22a-133aa or 22a-133bb of the general statutes, as amended by this act, may participate in said program.

(f) Inclusion of a property within the comprehensive brownfield remediation and revitalization program by the director shall not limit any person's ability to seek funding for such property under any federal, state or municipal grant or loan program, including, but not limited to, any state brownfield grant or loan program.

(g) Any applicant seeking a designation of eligibility for a person or a property under the comprehensive brownfield remediation and revitalization program shall apply to the director at such times and on such forms as the director may prescribe and shall pay the Office of Brownfield Remediation and Development a fee of ten thousand dollars along with its completed application. Such fee shall be deposited into the Special Contaminated Property Remediation and Insurance Fund established under section 22a-133t of the general statutes and such funds shall be for the exclusive use by the
Department of Environmental Protection to address imminent risk to public health or the environment associated with pollution that has migrated off of any property in the comprehensive brownfield remediation and revitalization program. No municipality or economic development agency seeking designation of eligibility shall be required to pay a fee, provided the municipality or economic development agency shall collect and pay the fee upon transfer of the property to another person for purposes of development. The application shall include a title search, the Phase I Environmental Site Assessment conducted by the bona fide prospective purchaser, which shall be prepared in accordance with the Department of Environmental Protection's Site Characterization Guidance Document, a property inspection and a completed environmental condition assessment form, as defined in subdivision (17) of section 22a-134 of the general statutes, for the eligible property and documentation demonstrating satisfaction of the eligibility criteria set forth in subsection (b) of this section and such other information as the director may request to determine eligibility. The applicant shall certify to the director, in writing, that the information contained in its application is correct and accurate to the best of the applicant's knowledge and belief.

(h) Not later than thirty days after receipt of the application, the director shall notify the applicant whether the application is complete or incomplete. If the director fails to notify the applicant within thirty days after his or her receipt of an application, the application shall be deemed complete.

(i) (1) Not later than sixty days after the application is determined or deemed to be complete, the director shall notify the applicant whether the eligible property is included or not included in the comprehensive brownfield remediation and revitalization program. If the director fails to notify the applicant within sixty days, the application shall be deemed accepted into the comprehensive brownfield remediation and revitalization program.
(2) A person whose application has been accepted or deemed accepted into the comprehensive brownfield remediation and revitalization program shall not be liable to the state or any third party for the release of any regulated substance at or from the eligible property except and only to the extent that such applicant (A) caused or contributed to the release of a regulated substance that is subject to remediation or exacerbated such condition, or (B) the Commissioner of Environmental Protection determines the existence of any of the conditions set forth in subparagraph (C) of subdivision (2) of subsection (m) of this section.

(j) (1) A person whose application to the comprehensive brownfield remediation and revitalization program has been approved or deemed approved by the director (A) shall investigate the release or threatened release of any regulated substance within the boundaries of the property in accordance with prevailing standards and guidelines and remediate such release or threatened release within the boundaries of such property in accordance with the brownfield investigation plan and remediation schedule, and (B) shall not be required to characterize, abate and remediate the release of a regulated substance beyond the boundary of the eligible property, except for releases caused or contributed to by such person.

(2) Not later than one hundred eighty days after the application is determined to be or is deemed complete, or such longer period as may be approved by the Commissioner of Environmental Protection upon good cause shown, the applicant shall submit to said commissioner and the director a brownfield investigation plan and remediation schedule that is signed and stamped by a licensed environmental professional. Unless otherwise approved in writing by the Commissioner of Environmental Protection, the brownfield investigation plan and remediation schedule shall provide that not later than eight years after the date the application is approved, the eligible party shall achieve the investigation and remediate the property sufficient to support a final or interim verification. The eligible party may request a verification or interim verification.
extension, which the Commissioner of Environmental Protection shall
grant upon certification by the eligible party that (A) such eligible
party has made reasonable progress toward investigation and
remediation of the property, and (B) despite best efforts, circumstances
beyond the control of the eligible party have significantly delayed the
remediation of the establishment. The applicant shall publish notice of
such plan and schedule in a newspaper of general circulation within
the area of the property in accordance with this section, stating that
such plan and schedule is available for review. Any person may
provide comments to the applicant on such plan and schedule not later
than thirty days after the publishing of such notice and provide a copy
to such commissioner and the director.

(3) Not later than sixty days after providing public notice of such
plan and schedule, the applicant shall submit to the commissioner and
the director a response to any public comments. Not later than sixty
days after receiving the applicant's response to public comments, the
Commissioner of Environmental Protection shall notify the applicant
and the director as to whether such plan and schedule is approved in
full or in part or rejected in full or in part, with an explanation of the
reasons for the decision. If said commissioner neither approves nor
rejects such plan and schedule within such time frame, such plan and
schedule shall be deemed approved. The applicant shall have thirty
days to respond to any disapproval or rejection by said commissioner
and the time frames set forth in this section for comment and response
shall continue until said commissioner approves such plan and
schedule, such plan and schedule is deemed approved or the applicant
has notified said commissioner of its withdrawal from the program's
application process.

(4) Before commencement of remedial action pursuant to the
approved plan and schedule, the applicant shall: (A) Publish notice of
the remedial action in a newspaper having a substantial circulation in
the town where the property is located, (B) notify the director of health
of the municipality where the property is located, and (C) either (i)
erect and maintain for at least thirty days in a legible condition a sign
not less than six feet by four feet on the property, which shall be clearly visible from the public highway and shall include the words "ENVIRONMENTAL CLEAN-UP IN PROGRESS AT THIS SITE. FOR FURTHER INFORMATION CONTACT:" and include a telephone number for an office from which any interested person may obtain additional information about the remedial action, or (ii) mail notice of the remedial action to each owner of record of property which abuts such property, at the address on the last-completed grand list of the relevant town.

(5) The remedial action shall be conducted under the supervision of a licensed environmental professional and the final remedial action report shall be submitted to the director signed and stamped by a licensed environmental professional. In such report, the licensed environmental professional shall include a detailed description of the remedial actions taken and issue a verification or interim verification, in which he or she shall render an opinion, in accordance with the standard of care provided in subsection (c) of section 22a-133w of the general statutes, that the action taken to contain, remove or mitigate the release of regulated substances within the boundaries of such property is in accordance with the remediation standards adopted by the commissioner pursuant to section 22a-133k of the general statutes, as amended by this act.

(6) All applications for permits required to implement such plan and schedule in this section shall be submitted to the permit ombudsman within the Department of Economic and Community Development.

(7) Each applicant participating in the comprehensive brownfield remediation and revitalization program shall maintain all records related to its implementation of such plan and schedule and completion of the remedial action of the property for a period of not less than ten years and shall make such records available to the commissioner or the director at any time upon request by either.
(8) (A) Any final remedial action report submitted by a licensed environmental professional to said commissioner and the director for the property shall be deemed approved unless, not later than ninety days after such submittal, said commissioner determines, in his or her sole discretion, and provides notice of such determination to the applicant and the director, that an audit of such remedial action is necessary to assess whether remedial action beyond that which is detailed in such report is necessary for the protection of human health or the environment. Such an audit shall be conducted not later than six months after such determination. Within fourteen days of completion of an audit, said commissioner shall send written audit findings to the applicant, the director and the licensed environmental professional. The audit findings may approve or disapprove the report, provided any disapproval shall set forth the reasons for such disapproval.

(B) The commissioner may request additional information during an audit. If such information has not been provided to the commissioner within fourteen days of such request, the time frame for the commissioner to complete the audit shall be suspended until the information is provided to the commissioner.

(C) The commissioner shall not conduct an audit of a final verification after ninety days from receipt of such verification unless (i) the commissioner has reason to believe that a verification was obtained through the submittal of materially inaccurate or erroneous information, or otherwise misleading information material to the verification or that material misrepresentations were made in connection with the submittal of the verification, (ii) post-verification monitoring or operations and maintenance is required as part of a verification and has not been done, (iii) a verification that relies upon an environmental land use restriction was not recorded on the land records of the municipality in which such land is located in accordance with section 22a-133o of the general statutes, as amended by this act, of the general statutes and applicable regulations, (iv) the commissioner determines that there has been a violation of law material to the verification, or (v) the commissioner determines that information exists...
indicating that the remediation may have failed to prevent a substantial threat to public health or the environment for releases on the property.

(k) Not later than sixty days after receiving a notice of disapproval of remedial action report from the Commissioner of Environmental Protection, the applicant may submit to said commissioner and to the director a report of cure of noted deficiencies. Within sixty days after receiving such report of cure of noted deficiencies by said commissioner, said commissioner may provide a written disapproval of such report of cure of noted deficiencies. If said commissioner does not provide a written disapproval of the report, the report will be deemed approved and said commissioner shall issue a notice of completion of remedy and no further action letter.

(l) Before approving a final remedial action report or the remedial action report being deemed approved, the Commissioner of Environmental Protection may enter into a memorandum of understanding with the applicant with regard to any further remedial action or monitoring activities on or at such property that said commissioner deems necessary for the protection of human health or the environment.

(m)(1) An applicant who has been accepted into the comprehensive brownfield remediation and revitalization program shall have no obligation as part of its plan and schedule to characterize, abate and remediate any plume of a regulated substance outside the boundaries of the subject property, provided the notification requirements of section 22a-6u of the general statutes pertaining to significant environmental hazards shall continue to apply to the property and the applicant shall not be required to characterize, abate or remediate any such significant environmental hazard outside the boundaries of the subject property unless such significant environmental hazard arises from the actions of the applicant after its acquisition of or control over the property from which such significant environmental hazard has emanated outside its own boundaries. If an applicant who has been
accepted into the comprehensive brownfield remediation and
revitalization program conveys or otherwise transfers its ownership of
the subject property, the provisions of this section shall apply to such
transferee, if such transferee meets the eligibility criteria set forth in
this section and such transferee complies with all the obligations
undertaken by the applicant under this section.

(2) (A) With the Commissioner of Environmental Protection's
approval of a final remedial action report or upon the deemed
approval of such report, said commissioner shall issue a notice of
completion of remedy and no further action letter that shall provide
that the applicant is not liable to the state or any third party for (i) costs
incurred in the remediation of, equitable relief relating to, or damages
resulting from the release of regulated substances addressed in the
brownfield investigation plan and remediation schedule, and (ii)
historical off-site impacts including air deposition, waste disposal,
impacts to sediments and natural resource damages. The notice of
completion of remedy and no further action letter shall not afford any
relief from liability such applicant may have under the corrective
action program of the Resource Conservation and Recovery Act, 42
USC 6901 et seq., sections 22a-449(d)-1 and 22a-449(d)-101 to 113 of the
regulations of Connecticut state agencies and any requirements
imposed pursuant to the state's superfund requirements.

(B) The notice of completion of remedy and no further action letter
issued by the Commissioner of Environmental Protection shall extend
to any person who acquires title to all or part of the property for which
a remedial action report has been approved pursuant to this subsection
provided (i) there is payment of a fee of five thousand dollars to said
commissioner for each such extension, and (ii) such person acquiring
all or part of the property meets the criteria of this section. No
municipality or economic development agency that acquires title to all
or part of the property shall be required to pay a fee, provided the
municipality or economic development agency shall collect and pay
the fee upon transfer of the property to another person for purposes of
development. Such fee shall be deposited into the Special
Contaminated Property Remediation and Insurance Fund established under section 22a-133t of the general statutes, and such funds shall be for the exclusive use by the Department of Environmental Protection to address imminent risk to public health or the environment associated with pollution that has migrated off of any property in the comprehensive brownfield remediation and revitalization program.

(C) A notice of completion of remedy and no further action letter issued pursuant to this section shall not preclude the Commissioner of Environmental Protection from taking any appropriate action, including, but not limited to, any action to require remediation of the property by the applicant or, as applicable, to its successor, if said commissioner determines that:

(i) The notice of completion of remedy and no further action letter was based on information provided by the person seeking such letter, and the Commissioner of Environmental Protection can show that such person knew, or had reason to know, was false or misleading, and, in the case of the successor to an applicant, that such successor was aware or had reason to know that such information was false or misleading;

(ii) New information confirms the existence of previously unknown contamination that resulted from a release that occurred before the date that an application has been accepted or deemed accepted into the comprehensive brownfield remediation and revitalization program;

(iii) The applicant who received the notice of completion of remedy and no further action letter has materially failed to complete the remedial action required by the brownfield investigation plan and remediation schedule or to carry out or comply with monitoring, maintenance or operating requirements pertinent to a remedial action including the requirements of any environmental land use restriction; or

(iv) The threat to human health or the environment is increased beyond an acceptable level due to substantial changes in exposure.
conditions at such property, including, but not limited to, a change from nonresidential to residential use of such property.

(3) If an applicant who has been accepted into the comprehensive brownfield remediation and revitalization program conveys or otherwise transfers all or part of its ownership interest in the subject property at any time before the issuance of a notice of completion of remedy and no further action letter pursuant to subdivision (2) of this subsection, the applicant conveying or otherwise transferring its ownership interest shall not be liable to the state or any third party for (A) costs incurred in the remediation of, equitable relief relating to, or damages resulting from the release of regulated substances addressed in the brownfield investigation plan and remediation schedule, and (B) historical off-site impacts including air deposition, waste disposal, impacts to sediments and natural resource damages, provided the applicant complied with its obligations under this section during the period when the applicant held an ownership interest in the subject property. Nothing in this subsection shall provide any relief from liability such applicant may have under the corrective action program of the Resource Conservation and Recovery Act, 42 USC 6901 et seq., sections 22a-449(d)-1 and sections 22a-449(d)-101 to 113 of the regulations of Connecticut state agencies and any requirements imposed pursuant to the state superfund requirements.

(n) On and after the effective date of this section, no eligible person accepted into the program shall be required to comply with the provisions of sections 22a-134 to 22a-134e, inclusive, of the general statutes, as amended by this act, in connection with the transfer of a business or real property at which no activities described in subdivision (3) of section 22a-134 of the general statutes, have been conducted since the date of such approval and for which (1) an application has been accepted or deemed accepted into the comprehensive brownfield remediation and revitalization program, or (2) a brownfield investigation plan and remediation schedule or a final remedial action report hereunder has been approved or deemed approved by the Commissioner of Environmental Protection.
(o) The director may adopt regulations in accordance with the provisions of chapter 54 of the general statutes to implement the program established pursuant to this section.

Sec. 18. Section 32-23zz of the general statutes is repealed and the following is substituted in lieu thereof (Effective July 1, 2011):

(a) For the purpose of assisting (1) any information technology project, as defined in subsection (ee) of section 32-23d, which is located in an eligible municipality, as defined in subdivision (12) of subsection (a) of section 32-9t, or (2) any remediation project, as defined in subsection (ii) of section 32-23d, the Connecticut Development Authority may, upon a resolution of the legislative body of a municipality, issue and administer bonds which are payable solely or in part from and secured by: (A) A pledge of and lien upon any and all of the income, proceeds, revenues and property of such a project, including the proceeds of grants, loans, advances or contributions from the federal government, the state or any other source, including financial assistance furnished by the municipality or any other public body, (B) taxes or payments or grants in lieu of taxes allocated to and payable into a special fund of the Connecticut Development Authority pursuant to the provisions of subsection (b) of this section, or (C) any combination of the foregoing. Any such bonds of the Connecticut Development Authority shall mature at such time or times not exceeding thirty years from their date of issuance and shall be subject to the general terms and provisions of law applicable to the issuance of bonds by the Connecticut Development Authority, except that such bonds shall be issued without a special capital reserve fund as provided in subsection (b) of section 32-23j and, for purposes of section 32-23f, only the approval of the board of directors of the authority shall be required for the issuance and sale of such bonds. Any pledge made by the municipality or the Connecticut Development Authority for bonds issued as provided in this section shall be valid and binding from the time when the pledge is made, and revenues and other receipts, funds or moneys so pledged and thereafter received by the municipality or the Connecticut Development Authority shall be
subject to the lien of such pledge without any physical delivery thereof or further act. The lien of such pledge shall be valid and binding against all parties having claims of any kind in tort, contract or otherwise against the municipality or the Connecticut Development Authority, even if the parties have no notice of such lien. Recording of the resolution or any other instrument by which such a pledge is created shall not be required. In connection with any such assignment of taxes or payments in lieu of taxes, the Connecticut Development Authority may, if the resolution so provides, exercise the rights provided for in section 12-195h of an assignee for consideration of any lien filed to secure the payment of such taxes or payments in lieu of taxes. All expenses incurred in providing such assistance may be treated as project costs.

(b) Any proceedings authorizing the issuance of bonds under this section may contain a provision that taxes or a specified portion thereof, if any, identified in such authorizing proceedings and levied upon taxable real or personal property, or both, in a project each year, or payments or grants in lieu of taxes or a specified portion thereof, by or for the benefit of any one or more municipalities, districts or other public taxing agencies, as the case may be, shall be divided as follows: (1) In each fiscal year that portion of the taxes or payments or grants in lieu of taxes which would be produced by applying the then current tax rate of each of the taxing agencies to the total sum of the assessed value of the taxable property in the project on the date of such authorizing proceedings, adjusted in the case of grants in lieu of taxes to reflect the applicable statutory rate of reimbursement, shall be allocated to and when collected shall be paid into the funds of the respective taxing agencies in the same manner as taxes by or for said taxing agencies on all other property are paid; and (2) that portion of the assessed taxes or the payments or grants in lieu of taxes, or both, each fiscal year in excess of the amount referred to in subdivision (1) of this subsection shall be allocated to and when collected shall be paid into a special fund of the Connecticut Development Authority to be used in each fiscal year, in the discretion
of the Connecticut Development Authority, to pay the principal of and
interest due in such fiscal year on bonds issued by the Connecticut
Development Authority to finance, refinance or otherwise assist such
project, to purchase bonds issued for such project, or to reimburse the
provider of or reimbursement party with respect to any guarantee,
letter of credit, policy of bond insurance, funds deposited in a debt
service reserve fund, funds deposited as capitalized interest or other
credit enhancement device used to secure payment of debt service on
any bonds issued by the Connecticut Development Authority to
finance, refinance or otherwise assist such project, to the extent of any
payments of debt service made therefrom. Unless and until the total
assessed valuation of the taxable property in a project exceeds the total
assessed value of the taxable property in such project as shown by the
last assessment list referred to in subdivision (1) of this subsection, all
of the taxes levied and collected and all of the payments or grants in
lieu of taxes due and collected upon the taxable property in such
project shall be paid into the funds of the respective taxing agencies.
When such bonds and interest thereof, and such debt service
reimbursement to the provider of or reimbursement party with respect
to such credit enhancement, have been paid in full, all moneys
thereafter received from taxes or payments or grants in lieu of taxes
upon the taxable property in such development project shall be paid
into the funds of the respective taxing agencies in the same manner as
taxes on all other property are paid. The total amount of bonds issued
pursuant to this section which are payable from grants in lieu of taxes
payable by the state shall not exceed an amount of bonds, the debt
service on which in any state fiscal year is, in total, equal to one million
dollars.

(c) The authority may make grants or provide loans or other forms
of financial assistance from the proceeds of special or general
obligation notes or bonds of the authority issued without the security
of a special capital reserve fund within the meaning of subsection (b)
of section 32-23j, which bonds are payable from and secured by, in
whole or in part, the pledge and security provided for in section 8-134,
8-192, 32-227 or this section, all on such terms and conditions, including such agreements with the municipality and the developer of the project, as the authority determines to be appropriate in the circumstances, provided any such project in an area designated as an enterprise zone pursuant to section 32-70 receiving such financial assistance shall be ineligible for any fixed assessment pursuant to section 32-71, and the authority, as a condition of such grant, loan or other financial assistance, may require the waiver, in whole or in part, of any property tax exemption with respect to such project otherwise available under subsection (59) or (60) of section 12-81.

(d) As used in this section, "bonds" means any bonds, including refunding bonds, notes, temporary notes, interim certificates, debentures or other obligations; "legislative body" has the meaning provided in subsection (w) of section 32-222; and "municipality" means a town, city, consolidated town or city or consolidated town and borough.

(e) For purposes of this section, references to the Connecticut Development Authority shall include any subsidiary of the Connecticut Development Authority established pursuant to subsection (l) of section 32-11a, and a municipality may act by and through its implementing agency, as defined in subsection (k) of section 32-222.

[(f) No commitments for new projects shall be approved by the authority under this section on or after July 1, 2012.]

[(g)] (f) In the case of a remediation project, as defined in subsection (ii) of section 32-23d, that involves buildings that are vacant, underutilized or in deteriorating condition and as to which municipal real property taxes are delinquent, in whole or in part, for more than one fiscal year, the amount determined in accordance with subdivision (1) of subsection (b) of this section may, if the resolution of the municipality so provides, be established at an amount less than the amount so determined, but not less than the amount of municipal
property taxes actually paid during the most recently completed fiscal year. If the Connecticut Development Authority issues bonds for the remediation project, the amount established in the resolution shall be used for all purposes of subsection (a) of this section.

This act shall take effect as follows and shall amend the following sections:
