Representative Brian Becker
State of Connecticut General Assembly
Legislative Office Building
Hartford, CT 06106

Dear Representative Becker:

I am writing in support of HB 720, the Vulnerable User Law. This bill will help enhance the reputation of Connecticut as a State who cares for all its citizens.

As we approach the coming year of fiscal austerity, it becomes very important to pass legislation which improves the image of the State and therefore encourages tourist dollars.

Yours truly,
