

Dear Sirs,

I wish to express my support for the following bills:

RECREATIONAL LAND USE ACT (RLUA) reform

Proposed S.B. No. 43 AN ACT EXPANDING THE RECREATIONAL LAND USE ACT.

Proposed S.B. No. 90 AN ACT CONCERNING THE RECREATIONAL LAND USE ACT.

Proposed H.B. No. 5254 AN ACT EXPANDING THE RECREATIONAL LAND USE ACT.

As a long-time hiker in Connecticut forests and parks, and an active member of both Connecticut Forest and Park Association as well as the Old Saybrook Land Trust, I feel that municipal and quasi-governmental land owners should have the same limited liability of any other owner of land who allows the public to use that land for free recreational use and enjoyment.

This legislation will make it possible for municipalities and nonprofits to continue to protect land for public recreational use without undue liabilities.

Sincerely,

Kathleen G. Connolly
