

Dear Ms. Brancato,

I, along with my family and friends are avid outdoor enthusiasts. We walk, hike, snowshoe, and mt bike on many of the MDC lands, the CT Land Trust Properties, and adjoining State Parks in Central Connecticut. Access to these types of activities are a major reason why I decided to raise my family here 21 years ago.

And thus, I am asking your Planning and Development Committee to urge the CT Legislature to pass the needed Liability Law reforms found in the following Bills: SB 43, SB 90, and HB5254. Also, my favorite method to enjoy our open space is on a bicycle and especially so while mountain biking -- please make sure these recreational activities are covered.

Thank you for your consideration.

Regards,
