

My name is Robert Andrews. I live in Preston, CT. I won't be testifying at the February 14 public hearing but I want to express my support for SB43, SB90, and HB5254. I spend a lot of time in recreation that often involves access to land owned by towns or water companies and would like to see those properties remain open to the public.

I'm in favor of extending liability protection in the Recreational Land Use Act to municipalities and others and I strongly support the concept behind these three bills and thank the Planning and Development Committee for its work in bringing them forward.

Thank you.
