Department of Consumer Protection

**CONCERNING THE POSTING OF MOTOR
FUEL PRICES**

STATE OF CONNECTICUT
REGULATION

of the

DEPARTMENT OF CONSUMER PROTECTION

(NAME OF AGENCY)

Concerning

THE POSTING OF MOTOR FUEL PRICES

(SUBJECT MATTER OF REGULATION)

(NEW) **Section 1.** Section 16a-15a-2 of the Regulations of Connecticut State Agencies is hereby amended by adding subsection (d) as follows:

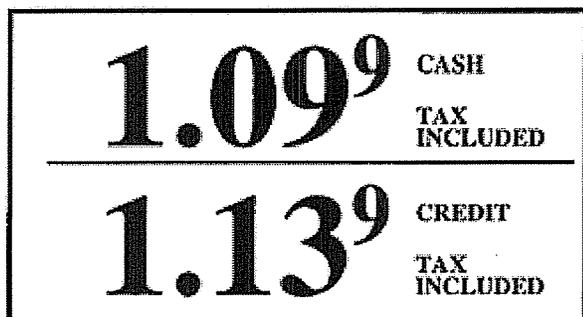

Sec. 16a-15a-2. Posting of cash payment and credit card prices

(a) At the dispensers or islands where cash discounts are offered, retail dealers shall display clear and conspicuous signs posting the price per gallon reduction for cash payment.

(1) Each sign shall be 7 1/4" high and 9 1/2" wide.

(2) Each sign shall be clearly visible to the members of the public. The letters on such sign shall be of contrasting color to the background and large enough to direct customers to the appropriate dispenser.

(b) One method by which retailers may meet the cash-credit price posting requirement set forth in subsection (a) of this section is with a split sign that is 7 1/4" high by 9 1/2" wide, showing the cash price per gallon on the top half of the sign and the credit price on the bottom half. The numerals on such sign shall be at least 2 3/4" high and 3/8" wide and shall look like the following example:

(c) If an island or dispenser is dedicated exclusively to cash sales, the price posted shall be the cash purchase price.

(d) If a non-cash form of payment, such as, but not limited to: a credit card, debit card, gift card, store card, cash card or gas card is accepted as a form of payment, and a cash discount is offered for the purchase of motor fuel, disclosure by the retailer in a form acceptable to the commissioner shall be posted in a prominent manner at the point of dispensing said motor fuel alerting consumers to the form or forms of payment to which the cash discount price does not apply.

STATEMENT OF PURPOSE

The purpose of these regulations is to provide clarity to consumers in their use of debit cards to purchase motor fuel, specifically clarifying when that payment type may earn a cash discount.

The Department believes that the addition of subsection (d) will help avoid confusion among consumers in their purchasing of motor fuel. Cash discounts have proven popular. With this proposed change, the payment types that earn the cash discount will be more transparent.

The legal effect of this proposal would be to create a new regulation subsection that requires motor fuel price posting signs to include the fact that consumers will not earn a cash discount, if offered by the seller, when using a debit card for the purchase. This regulation applies only when use of a debit card will not earn the discounted cash price.
