

Dear Appropriations committee

I support adding weekend service to new London for shoreline east. I work at yale and live in new London. Without the service, I must drive an hour, which is destructive to our whole world.

Even more so, PLEASE provide an earlier option for new londoner's leaving work in new haven. Please allow us to take the 3:38 Amtrak from new haven to new London. Currently, there is no way to return to new London —getting home before 6PM. This is not consistent with my life, I have a 7 month old baby and a recovering parent living at home.

Dana Peters

p.ss many people are greatly affected by these SLE decisions—including me!
