To whom it may concern,

Captain Dan Wood has been working with Hydra-Sports for well over ten years. During this time Dan has proven to be an asset to Hydra-Sports boats. Every year we supply Captain Wood with a new Hydra-Sports boat. This boat is used for field testing and allows us to receive feedback on our boats from fishermen through Dan. Captain Dan also provides us with design recommendations for new and existing products.

Because we choose to work with Atlantic Outboard and Captain Dan Wood as part of our Pro Staff, the boat is used mainly in the state of Connecticut. In order for us to continue to work with Captain Dan and Atlantic Outboard, Hydra-Sports needs to have Captain Dan utilize a Connecticut marine dealer registration for the boat.

If you have any question, or I can provide more detail, please feel free to contact me.

Sincerely,

Randy Jernigan
