

**I am opposed to SB 83
(An act concerning bow and arrow hunting on Sunday)**

Not only am I morally and ethically opposed to all bowhunting because it is the cruelest form of a blood sport, but I feel that our personal rights will be violated if the one and only day that my family and our two dogs can safely enjoy Sundays on our property will be added to the already 6 days of bowhunting allowed from mid-September to January 31st.

**Sincerely,
Dr. Greer Ashton
