

Dear Sir, I am a 79 year old avid hunter. I have been hunting since I was 13, 14 years old. I am wondering why Sunday hunting should be open to bow hunting only. They already have more of a hunting season than firearm hunters. They get more deer tags than we do and can hunt more areas than firearm hunters. At my age I would be so excited to bow hunt but Arthritis in both shoulders and elbows prevent me from doing so. The restrictions on crossbows are too stringent. Please tell me you will consider both sides of this Bill.

Thank you

Peter Balisciano
