

To the Environmental Committee,
I am writing in support of S.B. No. 83 , Sunday hunting, contrary to what certain groups would have you believe, the majority of the hunters in this state do not hunt six days a week! we hunt one day, Saturday! The other five days we spend working to pay taxes and to keep this great state and our own families running. We hunt ONE DAY a week. We only ask to be able to archery hunt Sunday's on PRIVATE LAND! which shouldn't concern anyone who wishes to take a walk in the woods on Sunday unless they're TRESPASSERS. We're talking private land here, not state land. And one more note, when we're done working all week and it's raining hard or snowing on Saturday, the ethical bowhunter will not hunt. Leaving us no days to do what we greatly enjoy.

Thankyou,
Ron Mills, East Hartland, Ct.
